Forewords of the Chairman of the Board of Directors

Dear friends,
for the past couple of years, this page of our annual report has been dedicated to a short contemplation about the past year in the life of the Foundation for Holocaust Victims and in our society as a whole. Today's world is closely intertwined with the media – news that has not been published is doomed to pass by unnoticed. Every moment seems to bring a piece of news that deserves the tag "breaking" or "top". In a year or two, however, hardly anyone would remember. There exists another kind of news, though. It does not attract that much attention.

Hardly anyone notices it. In the Foundation for Holocaust Victims, we do have one piece of that kind. Let me tell you about it.

The Foundation has been distributing monetary means in its four grant programmes for over ten years. The programmes are called, quite understandably, Care, Remembrance, Renovation and Future. These names represent the purpose of the programmes very well and we have never felt the need to change them in any way.

Recently, we have added a new one called Our Future. In 2012, the Jewish Community in Prague gave the FHV an exceptional donation of half a million Czech Crowns for the support of Jewish community development in the Czech Republic. These are monetary means the community received as a donation from one of its members, who wished to support young Jewish families. The community itself

is not a grant distribution body and therefore it decided to ask the FHV to administrate the programme. The whole amount has been distributed in accord with all the appropriate rules. We are now looking for ways to continue this important programme. Within its scope, we supported the local Jewish day-camp that enabled children to spend their summer working on Jewish oriented activities with their friends, a possibility I myself unfortunately did not have as a child. A Three-generation Centre – a quality project located in the Hagibor Old Age Home – has been operated for several years now. The facility houses a daily child-nursery and the Centre enables the clients of the old-age home to meet not only its children, but also their parents. Other supported projects contribute to the development of the community life across the country.

Some might ask why should the FHV, whose name includes the words “Holocaust Victims”, deal with the support of young Jewish families. The answer is blunt. If it was not for the Holocaust, there would not need to be a foundation for its victims. Young families would not need our support, because their lives would not be affected by Holocaust either.

My personal wish and the only natural development would be, if the main source of funding for this programme came from donors that have the possibility and feel the need to support our future. Therefore, I wish to ask you to be the ones to support this programme.

Thank you.

Michal Borges

We mitigate the injustices of the past, we support the future

The Foundation for Holocaust Victims was established on 31st July 2000, on the basis of the recommendations of the Joint Working Committee Focusing on Mitigating Some Property Injustices to Holocaust Victims. Based on this resolution, on 15th September 2000, the Chamber of Deputies and the Czech Parliament made a decision to transfer funds, amounting to 300 million CZK, over to the

Mission Statement and Activities

Foundation for the Holocaust Victims. At the end of 2013, we work with 69.032 million CZK. We fundraise intensively in order to ensure the continuation of the support of our projects.

In 2001–2005 we administrated the Programme Compensation, in which we distributed

100 million CZK among those, whose property in today's Czech Republic was confiscated during WWII on the bases of racial laws and who were unable to retrieve it or receive compensation through current restitution laws or international agreements. This programme is no longer in operation.

We have been supporting projects in 4 programmes since 2002:

Care Programme

social, medical and psychological care for Holocaust victims and members of the 2nd generation that find themselves in a needy situation

Remembrance Programme

educational and Holocaust remembrance projects

Renovation Programme

reconstruction and maintenance of Jewish sites around the Czech Republic

Future Programme

Jewish education and the development of Jewish communities

We organise our own projects, remembrance events and educational seminars.

We inform about our activities at **www.fondholocaust.cz**, through our Facebook site and in our quarterly InfoBulletin.

We are a member of the Association of Foundations of Donors Forum (www.donorsforum.cz/asociace-nadacnich-fondu) and International Auschwitz Committee (www.auschwitz.info).

Grant Programmes

Where and when can the grant proposal be realised?

The call for proposals is announced once a year, usually in July, and the deadline for projects is in September. The projects are realised during the following year. We support only projects that are realised in the Czech Republic. In 2013, the deadline for grant applications was the 18th September.

What are the financial conditions of the grants?

Our priority is to support projects with multiple sources of financing and a minimal share of their own or other resources to the amount of 10%, in the case of allowance organisations the minimum share is 50%, and in the case of legal entities for the purpose of business, the minimum share is 80%.

In Care and Renovation Programmes, there is no limit to the maximum requested amount. The maximum amount of endowment benefit for the projects within the Future and Remem-

brance Programmes is 50,000 CZK. Except for educational programmes led by Shoa survivors

What is the application procedure and the process of approving the applications?

The applications shall be supplied on relevant forms, which are available on the FHV website.

The applications are evaluated by the respective grant committee nominated by the FHV Board of Directors. The Foundation benefits are granted on the basis of the FHV Board of Directors recommendation.

There is no legal claim to obtain the foundation's benefit. The results of grant call is published on the FHV website and all applicants are informed in writing. We sign a contract with all successful applicants and we check the usage of the monetary means during the realisation of the project. In case of violation of contractual conditions, we demand the return of the grant money. The supported organisations present the FHV with continuous and final reports on the projects, as well as the reports on the budget.

3.

Every year we distribute grant money on the basis of public grant call.

Terms for distribution of FHV grants

Who can apply for a FHV grant?

FHV supports projects prepared especially by organisations under the umbrella of the Federation of Jewish Communities in the Czech Republic, NGOs, public beneficial organisations, institutions established by the church, public service institutions, and allowance organisations registered within the Czech Republic.

Care Programme

The care for Holocaust victims is the priority of our work. We help to increase the quality of their life and to ensure the best possible care for them. We support organisations that provide professional social, health and psychological care for Shoa survivors. We support

home care, personal assistance, psychological help, residential care, day-care centres of Jewish communities, social care fieldwork, social counselling, health care, ergotherapy, psychotherapy, physiotherapy, rehabilitation, medical care, staff on call to the clients, and activity programmes. Recently, we have started to aim our care also at representatives of the second generation of Holocaust survivors who find themselves in a situation of need. We cooperate closely with Dita Snajdrova, the coordinator of the Claims Conference projects in the Czech Republic.

Social, medical and psychological care for Nazi victims / victims of the Holocaust in the Czech Republic

In 2013 we carried out the second half of a two-year project, for which we have received a grant of 100,000 EUR from the German Foundation Erinnerung, Verantwortung und Zukunft from the donation of Deutsche Bahn directed at help to the victims of Nazi regime in Central and Eastern Europe.

We used 584,166 CZK for direct help to Nazi victims through co-financing the salaries of social workers in five Jewish communities. In addition, we supported rehabilitation, assistance and psychological care for survivors and their families. The care and counseling were altered according to actual needs of clients. We financed care for 143 clients. We used 420,046 CZK to finance drugs, food supplements, medical aids and health and preventive care for 340 victims of Holocaust. 100,231 CZK were used for administration and coordination of the project.

Remembrance Programme

We support projects that help to remember the Jewish and Roma Holocaust victims in a dignified way. Primarily, we support educational activities targeted at young people. We support especially those that are organized under professional auspices and that involve Holocaust survivors. Also, we finance remembrance events, memorial plaques and memorials, exhibitions, lectures, workshops, research work and publications of books and other publications.

In 2013, we supported 29 projects. In case of two projects, we received back a part of the unused monetary means from the pre-

vious grant call. We distributed the total of 858,391 CZK in the grant endowments.

We financed 9 educational projects. The supported projects included also Living Memory's "Lost Roma and Roma Today", which enabled pupils and students to meet and talk to Emilie Machalkova, a survivor of Roma Holocaust. Thanks to our support, 9 books were published. One of these was the book "Years of grief and sorrow", which features the memories of Kolin Jews from 1938-1945. We also supported 7 commemoration events, 3 exhibitions and 2 research projects. We took part at the successful Prague Jewish Museum exhibition "Truth and Lie.

Filming in Terezin 1942-1945". We also supported the further development of the educational web holocaust.cz, which was supplemented with documents from regional archives.

Renovation Programme

We support the reconstruction, renovation and preservation of Jewish monuments around the Czech Republic. The goal of our support is to return the monument to its original state, capturing the maximum of the architectural and artistic features. We prefer projects that allow the sights to serve to its original purpose, alternatively allowing new types of usage (such as cultural events, exhibitions etc.). We welcome also projects of cemetery maintenance in which the wider public takes an active part.

We finance especially reconstructions of synagogues, houses of rabbis, Jewish cemeteries – especially renovations of unique tombstones. Because of

the lack of financial means for the huge number of tombstones that need renovation, we also support documentation of tombstones.

In 2013, we awarded grants to 20 projects with the total sum amounting to 7,000,000 CZK.

For several years in a row, we have been supporting a long term project of the Federation of Jewish Communities, which includes care for more than 100 Jewish Sights around the Czech Republic. The most important work has been done at the cemeteries in Budyne nad Ohri, Radoun, Telice, Svihov and Becov nad Teplou. The 3rd part of the Hrivcice Jewish cemetery maintenance, administered by Peruc Hussite Community, was finished. We supported Teplice Jewish Community's workcamp in the cemetery of Sobedruhy and the workcamp of the Union of Czech Jewish Youth in the cemetery in Piseck. The historian Iva Steinova and the Hebrew scholar Daniel Polakovic documented the Jewish cemetery in Nova Cerekve.

Future Programme

We support projects of Jewish education and Jewish community development. We support projects that help maintaining Jewish tradition, kindergarten and school programmes, lectures, seminars and workshops, magazines and bulletines of Jewish organisations, festivals of Jewish culture etc.

In 2013, we supported 35 projects. Two projects from the previous grant call received

their second financial instalments. The projects in this grant programme received the total of 506,997 CZK. The realized projects included 13 festivals, theatre and other cultural events that introduced Jewish culture to wider audience. We also supported the international seminar of Jewish dances called Machol Czechia 2013 or the Open house at the Olomouc Jewish Community, which

featured lectures, film screening, concert and presentation of traditional Jewish cuisine. We supported 11 educational projects. One of them was a successful series of lectures on Israeli culture organized by Ulpan. We financed 6 projects that contribute to community activities of Jewish organisations and associations. We supported publishing of two books and two periodicals.

OUR FUTURE SUB-PROGRAMME

The Jewish Community in Prague awarded us with a special donantion with which we established a sub-programme Our Future of the Future Programme. On the basis of the donor's wish the donation was awarded to projects that introduce activities for young Jewish families. In 2013 we supported 10 projects with the amount of 237,500 CZK. All supported projects aimed at the youngest Jewish community members, their education in Jewish tradition and strenghtening their ties to the Jewish people. More than 200 children benefited from the supported projects.

Projects of Our Own

Our cooperation with the endowment benefactors does not end with the awarding of our grants. Quite on the contrary, we are in close touch with our partners, we map the needs of the employees of the supported organisations and we actively seek ways to help especially Jewish organisations in their work and fields of expertise.

Educational seminars

Since 2009 we have been organising 2 or 3 seminars a year for employees of Jewish and partner organisations, whose projects we support. We try to educate them in Judaism in order for them to understand the context of the environment they work in. The seminars are co-organized with the Federation of Jewish Communities in the Czech Republic. Every seminar starts with an introductory note of the chief rabbi Karol Efraim Sidon.

Two seminars took place in 2013. They were attended by 100 visitors altogether. The theme of the first one was Israel. The lecturers of the seminar were Ales Weiss (Modern State of Israel in the Jewish Tradition), Irena Kalhousova (Current Middle East Situation) and Daniel Ziss (Falafel – Religious, Ethnic, Political and Cultural Groups within the Society Living between the Jordan and the Sea). The second seminar dealt with Jewish tombstones and

their reading. The seminar featured Iva Steinova (Jewish Burial Practise, Jewish Cemeteries in the Czech Republic and Symbolics of Jewish Tombstones and Their Reading) and Daniel Polakovic (Epigraphic of Jewish Tombstones). The seminar included a hands on workshop, in which both of the lecturers took the seminar attendees around the New Jewish Cemetery in Prague.

In 2013, we answered the call for a seminar for Jewish educators that we heard from our partner organisations. We organized a one day seminar for Czech Jewish teachers, lecturers and madrichim of the Czech schools, kindergartens and other educational institutions. This seminar was co-organized with

Foundation and Federation of Jewish Communities and Prague Jewish Community. It was attended by over 30 teachers, lecturers and madrichim. The lecturers of the seminar were Mario Izcovich (JDC), rabbi Joshua Spinner (Lauder Foundation) and Nicola Aberly (Look to Learn). The seminar was very successful. On the basis of a very good feedback from the year, we prepared as sequel two-day seminar for Czech educators in 2014 called Mechanchim.

We prepare special seminars for employees of our partners who work with Jewish clients in social, health and psychological care. They educate them in the specific field of care for clients that survived the Holocaust and they inform them about the current topic in the field of care. In 2013 we organized 4 seminars of this kind. Their topics were: Second Generation after Holocaust, Work with Families, Standards of Social Care and Psychobiographical Model of Prof. E. Böhm.

Remembrance and cultural events

Together with the Federation of Jewish Communities in the Czech Republic we organize an annual festive event on the occasion of the International Holocaust Remembrance Day, during which Holocaust survivors and representatives of the Czech Parliament and Senate meet together. The meeting in 2013 took place under the patronage of the head of the Czech Parliament Miroslava Nemcova and the head of the Czech Senate Miroslav Stech. This event was coorganised with the Federation of Jewish Communities in the Czech Republic. The event was attended by tens of Holocaust survivors, senators, ambassadors, the archbishop of Prague, the chief rabbi of the Czech Republic and many other public figures. A speech on behalf of the Shoa victims was addressed by prof. Tomas Kosta, Auschwitz survivor.

On Yom ha-Shoa (the Jewish Holocaust day) we organize a public reading of the Holocaust victim names together with the Terezin Initiative Institute. In 2013 the event took place on 8th April. The event, which is a public expression of honour to Shoa victims, was attended by several prominent personalities of the Czech public life as well as by tens of ordinary people.

Once a year we organize a beneficiary concert. The money we raise is used to finance the projects we support in our grant programmes. The concerts are also an opportunity for us to inform about our work and to meet informally the people that work in our supported projects. In 2013 we returned with the concert to Baracnicka Rychta venue. The concert was moderated by Ester Janeckova. The programme featured roma bands Imperio and Terne Chave. The beneficiary concert was beyond successful – the tickets were sold out more than a month

before the concert and we needed to enlarge the seating of the concert hall. We raised 32,780 CZK.

Financial Report

The financial report covers the period of 1st January to 31st December 2013.

The Foundation received in 2000 from former State Property Fund, today Czech Ministry of Finance (hereinafter, as MF) endowment benefit 300 million CZK. These financial means were distributed according to the rules of FHV. The remaining amount was divided into two parts. The first part of the financial means is invested in CSOB Asset Management. The second part is managed by Conseq Investment Management, a. s.

Thanks to the merger with CCNV on 1st September 2009, the FHV received stock amounting to 3,046 thousands CZK. This stock was a part of the Ceska Sportelna portfolio until its due date on 31st December 2011. In November 2012, these means were transferred to a current account of FHV at CMZRB. These monetary means shall be used in the 13th grant call for the respective projects we support in 2014.

Granted endowment benefits in 2013 amounted to 12,876 thousands CZK (out of these,

907 thousands CZK was covered from external funds and 11,969 thousands CZK was used from the funds from the Czech Ministry of Finance).

The Foundation fulfilled the criteria of the FHV Statutes, which quote the Czech law No. 227/1997 Sb. that deal with foundations. It states that the administration of the fund must not exceed 30 % of allocated grant money. The total of administration costs were, according to the statutes of the FHV, counted after the deduction of costs related to handling of stock and costs related to events organised by the FHV. The administration costs in 2013 amount to 3,115 thousands CZK, which are equal to 24 % of the allocated grant money.

In 2013, the FHV "actualised its gain" (i.e. it lowered the difference between the acquisition price and the market value of the stock) from the Conseq portfolio Investment Management, a.s. Taking this fact into account, the final result of the financial management of the FHV in 2013 amounts to 2,297 thousands CZK.

Ministry of Finance report

The Foundation fulfilled the criteria given in the contract with SPF (i.e. today's MF), which says in the Addendum No. 3 that the administration of the fund must not exceed 30 % of allocated grant money. The total of administration costs were, according to the statutes of the FHV, counted after the deduction of costs related to handling of stock and costs related to events organized by the FHV, which were funded from external sources. The administration costs counted in the above described way amount to

3,021 thousands CZK in 2013, which are equal to 25% of the allocated grant money that come from the means of the Czech Ministry of Finance (11,969 thousands CZK for 2013).

Most of the costs for activities organised by the FHV in 2013 were co-financed from external sources. These costs amount to 291 thousands CZK. 267 thousands out of this sum was co-

financed from other sources. Costs for FHV activities covered by the Ministry of Finance amount to 24 thousands CZK.

Auditor's Statement

INDEPENDENT AUDITOR'S REPORT

for the founder and the board of directors of the FHV

A report about verification of the annual report

We investigated the concord of the annual reports of the FHV and the final balance included in this annual report. We verified it and on 3rd April 2014 we issued a Report of an independent auditor in the following wording:

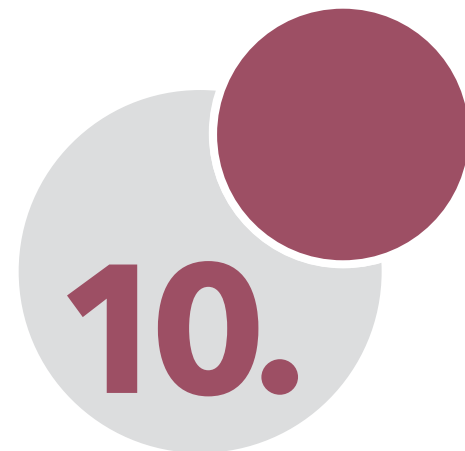

"We verified the final balance of the FHV, i.e. the balance as of 31st December 2013, Statement of profits and losses for the year ending on 31st December 2013 and the appendix of the balance including the description of the used accounting method. The basic information about the fund is listed on page 1 of this balance.

Responsibility of the corporate body for the final balance

According to the Czech law, the responsibility for the creation of the final balance and for the true information presented in the final balance lies within the corporate body of the FHV. According to the Czech law, the responsibility for the creation of the final balance and for the true information presented in the final balance lies within the corporate body of the FHV.

Auditor's responsibility

Our role is to issue auditor's report on the basis of our audit. We carried out the report in accordance with the law concerning auditors and in accordance with the international

auditing standards and relevant other regulations of the Chamber of Czech auditors. In accordance with these laws we are obliged to keep ethical norms and to carry out the audit without errors.

Within the audit we used techniques that aim to discover information about sums and facts included in the final balance. The methods used are chosen by the auditor bearing in mind he or she has to balance the methods according to the risk of expected mistakes or frauds included in the balance. When judging these risks the auditor takes

into account the relevant internal supervisory accounting means. The auditor judges these means in order to plan his audit not in order to judge the effect of the supervisory accounting means. The audit includes judging the relevance of used accounting methods, feasibility of accounting estimates carried out by the leadership and judging of the overall presentation of the final balance.

We presume that we managed to collect relevant basis for the auditor's statement.

Auditor's statement

In our opinion, the financial statements give a true and fair view on the assets and liabilities and the financial situation of the FOUNDATION FOR HOLOCAUST VICTIMS as of 31st December 2013 and costs, incomes and outcomes of its functioning in the year ending by 31st December 2013. The financial statement is in accordance with the Czech accounting law and respective regulations."

The responsibility for accuracy of the annual report rests with the corporate body of the FHV. Our task is to issue a statement about the accord of the annual reports with the final balance.

We carried out the validation according to the accounting law and the international auditor standards and relevant other regulations of the Chamber of Czech auditors. These standards require that the auditor plans and carries out the audit in a way that insures a high degree of certainty that the information included in the annual report relevant for the final balance is in accord with the final balance. We presume, that the carried out verification represents a valid basis for auditor's statement.

Auditor's statement

In our opinion all the information stated in the annual report of Foundation for holocaust victims for 2013 is in all important aspects in accord with the final balance.

Katerina Steinova
Administrative Assistant

A 2011 graduate of Lauder high school in Prague. She is the author of a book about the history of the Jewish orphanage in Belgicka street in Prague. Currently, she is a 3rd year student of the Faculty of Law at Charles University of Prague. She has been working for the FHV since the beginning of 2011.

Ing. Michaela Vintrova
Financial Manager
(until 31st January 2013)

In February 2014, she graduated from MA programme in Economy and Management at the University of Economics in Prague. She helped with the FHV events as a volunteer since 2006. In 2009, she started to work in the foundation – at first as an administrative worker, since 2011 as the financial manager. She left FHV in January 2013, when she started her studies in Brussels in an Erasmus programme.
