“To serve a good  
thing and fight evil,  
always and in all  
circumstances!  
That is the only way to  
preserve one’s mental  
health, which is,  
especially these days,  
quite fundamental.”

"Father, mother and then  
six-year-old sister, Zuzana,  
died in the concentration camp  
in Auschwitz in 1944.

I returned to my native village  
of Vlčany (now Slovak Republic)  
from the harsh environment  
of the camp both mentally  
and physically exhausted.  
For a long time, I actively helped  
some racially persecuted people  
to return to normal life.

As an eternal optimist,  
I firmly believe that the  
democratic forces in the world  
will not allow extreme forces  
to continue with the policy of  
hatred and racial and ethnic  
orientation in the future."

“We will never be able to stop the time and every year, in the ranks of the witnesses, there will be more and more empty spaces. It has never been easy for me, and with age it's even harder for me – both physically and mentally – to tell others, particularly young people, what I had to go through and who of my dear ones I lost.

Nevertheless, when I see the attentive eyes during my discussion forums in the Czech Republic and abroad, and hear the questions of the students and their teachers, I feel that it makes sense. I perceive that this is perhaps for all of us who are still alive, something like a duty. So, if it is at least a bit possible, I will keep doing so...”

## **World War II veteran**

"I'm very glad I had such a brave mother that managed to get me, my father and my brother abroad ahead of time. Unfortunately, she herself bore the consequences for her deed and perished. All three of us strived to fight that everlasting evil, the anti-Semitism, that, in the Nazi Germany mutated into the arrant form - the extermination of all Jews within its reach.

Me and my brother, we both fought for freedom and destruction of the

Nazi empire with the weapon in our hands and the father, due to his age, in the war industry. The result can be seen today, the Nazism was destroyed, but the anti-Semitism still exists in the world, whether latent or manifested, and it will probably never disappear. We must remain vigilant against this evil, and use all means and power to restrict it, if its complete elimination is not possible."

Ing.  
Pavel Fried

**survived the Terezín  
concentration camp**

“Shoah is not a tragedy of Jewish people only. Shoah is the tragedy of all mankind, the sanctity of human life ended in the Auschwitz gas chambers.

For many years now, I have been visiting the discussion forums to talk about the Shoah, about the ways that led to it, about the guilt and the punishment. When I count all the visitors to those forums, I come to the total estimate being over 6000. What I find very encouraging is that, over all those years, I have not met any interfering or negative response from the audience.

I have experienced the contrary – clear interest, curiosity and compassion. That gives me the strength to continue in that.”

# Forewords of the Chairman of the Board of Directors

The Foundation for Holocaust Victims continued to fulfill its important mission in 2016. Helping Holocaust victims is the humanitarian role of the Foundation. We have allocated CZK4.5 million for this purpose, the money was distributed among 13 projects. In total, this aid has reached 350 people – apart from direct survivors, the funds also supported their descendants. We have contributed three million crowns to activities commemorating Shoah. Unfortunately, the political situation in today's world and in our country is developing in way that we have to be reminded of the horrors of the Holocaust now more than ever before.

The FHV spends the largest sums of money on renovation and maintenance of monuments related to the life of Jewish community throughout the territory of the Czech Republic. In 2016, CZK12.8 million were allocated for this purpose. We supported 21 projects. Some projects, though, concerned more than one monument, i.e. there were many more supported monuments. The FHV foundation plays an important role in this field and that not only in the amount

of funding provided, but also due to the fact that these contributions are a prerequisite for a co-financing of projects by other entities. The results of this long-lasting support are visible. During the time of the FHV existence, a lot of successful reconstructions of deteriorating synagogues have been done, many devastated Jewish cemeteries have been restored and an aid to many other monuments has been provided.

The FHV supporting activities include a support of the current activities associated with Judaism, maintaining of Jewish cultural traditions and development of Jewish communities. This category includes a support for projects fighting xenophobia and anti-Semitism. The FHV budget supported a total of 38 projects with one million CZK. We supported 12 projects directly targeting Jewish families and the youngest members of the community by a subsidy amounting half a million CZK.

In 2016, the largest volume of distributed funds was drawn from a subsidy received through the Ministry of Culture of the Czech Republic

– CZK20 million. Most of these funds were used for the restoration of Jewish monuments. In addition, the FHV has still been distributing the funds deposited into the fund upon its establishment, alongside with the means acquired through its current work.

The FHV plays an irreplaceable role in all areas in which the Foundation is involved. Due to the low cost of its operation, the Foundation is able to use all of its resources on the activities for which the money is intended. Due to the qualified, informed and flexible decision-making, the FHV can effectively help where the aid would otherwise be difficult to find.

I would like to thank the entire staff of the Foundation Secretariat and to my colleagues from the Board of Directors and Supervisory Board for their time, effort and dedicated work for the Foundation for Holocaust Victims. I'm convinced it's time devoted to the right thing.

# Mission Statement and Activities

We mitigate the injustices of the past and support the future.

Our main activity is a financial support of projects in the following programmes:

Care

social, medical and  
psychological care for  
Shoa survivors

Remembrance

educational and Holocaust  
remembrance projects,

Renovation

renovation and maintenance  
of Jewish monuments in  
Bohemia and Moravia

Future

Jewish education and the  
development of Jewish  
Communities

and sub-programme  
Our Future – projects for  
young Jewish families with  
children.

We complement the support by organising our own projects, especially professional seminars. For more information see Chapter 9.

The FHV was established on July 31, 2000 on the basis of the recommendations of the “Joint Working Committee Focusing on Mitigating Some Property Injustices to Holocaust Victims”. On September 15, 2000, based on the governmental proposal, the Chamber of Deputies of the Czech Parliament made a decision to transfer funds, amounting CZK300 million, over to the Foundation for Holocaust Victims. In the years 2001–2005 we administrated the Compensation programme, in which we distributed CZK100 million among those, whose property in today’s Czech Republic had been confiscated during WWII on the basis

of racial laws and who were unable to retrieve it or receive compensation through the then applicable restitution laws or international agreements. The programme has been closed for several years now and our Foundation is currently not dealing with claims of this kind in any way.

On December 18, 2014, the FHV signed an agreement with the Czech Ministry of Culture on a five-year financing period in which an endowment benefit amounting CZK20 million will be transferred to FHV’s account on yearly basis.

We inform about our activities on our website [www.fondholocaust.cz](http://www.fondholocaust.cz), through our Facebook profile and in our quarterly InfoBulletin.

We are a member of the Association of Foundations of Donors Forum ([www.donorsforum.cz/asociace-nadacnich-fondu](http://www.donorsforum.cz/asociace-nadacnich-fondu)) and of the International Auschwitz Committee ([www.auschwitz.info](http://www.auschwitz.info)).

## Care, Remembrance, Renovation, Future and Our Future

The Foundation for Holocaust Victims supports projects based on a public tender. The call for proposals is announced once a year, usually in July, and the deadline for projects is September. The projects are realised during the following year.

FHV supports projects prepared especially by organisations under the umbrella of the Federation of Jewish Communities, NGOs, public beneficial organisations, institutions established by the church, public service institutions, and allowance organisations registered within the Czech Republic. All organisations must be registered in the Czech Republic. Physical persons are not entitled to ask for benefits.

We only support projects that are realised within the territory of the Czech Republic.

The endowment benefits are granted for a period of 11 months, and in case of Care programme the period is one calendar year. We favour projects having various financing sources.

In Care and Renovation Programmes, there is no limit for a maximum requested amount. The maximum amount of the endowment benefit within the Future and Our Future programmes is CZK100,000.

All applications are processed through Grantys – an Electronic Grant Database at [www.nfoh-granty.cz](http://www.nfoh-granty.cz).

The applications are evaluated by the respective grant committees nominated by the FHV Board of Directors. The Board of Directors grants endowment benefits on the basis of their recommendation.

The results of grant call are published on the FHV website and all applicants are informed in writing. We sign contracts with all of our successful applicants. Afterwards we follow and review the use of the monetary means during the implementation of the project. In case of any violation of contractual terms and conditions, we demand the return of the granted money. The supported organisations

present the FHV with progress and final reports on the projects, as well as reports on the budget. All projects are subject to an audit. We actively participate in supported projects and in case the beneficiary asks for any assistance, we provide them with our support.

Projects in the Remembrance, Renovation and Future (including the Our Future) sub-programme are funded by the Ministry of Culture subsidies, the Care program is covered from our own financial resources and the donations we receive.

In 2016, we supported in total 112 projects majority of which were co-financed by the Ministry of Culture of the Czech Republic.

On December 14, 2016, the FHV Board of Directors selected 120 projects that will receive a support in 2017 amounting a total of CZK22 million.

# Care Programme

Each year we support the projects of organisations that provide professional social care, healthcare and psychological care to Holocaust survivors. The care for survivors is our priority. We strive to support them in their quality life and provide them with the best available care in their old age. We financially support home care, nursing services, psychological aid, residential care, day care centres run by Jewish communities, social workers, social advisory services, personal assistants, medical care, occupational therapy, physiotherapy, rehabilitation, phone contact services and many other activation programmes. We shall not forget about the survivor's second generation. Overall, we support the care for about 350 clients. In relation to Claims Conference projects, we cooperate with a project coordinator Dita Šnajdrová from Czech office.

# Renovation Programme

We support the restoration and maintenance of Jewish monuments throughout the Czech Republic. Our goal is to restore the monument to its original state when the monument was built or, if this is not feasible, we then restore the monument to the state that would capture the maximum of the architectonic, artistic and artisanal elements.

We finance restorations of synagogues, rabbinic houses and Jewish cemeteries. Lifting and repair of knocked down tombstones, restoration of valuable tombstones and reconstruction of fencing walls. Our financial means do not enable us to restore all tombstones, so we also support cemetery documentation in order to have a digital image of its look saved for future generations. All projects are lead by professionals.

We support the development of the Jewish community in the Czech Republic, not only financially but also materially, by organizing our own educational seminars and cultural programmes.

## We Educate

### **Seminars for workers in social services**

Since 2011, we have been organizing education seminars and meetings of social workers of Jewish communities in the Czech Republic. Care for survivors and their families is our top priority. The idea to meet has arisen from the need of social workers to pass on experience and knowledge from the care for such specific clients as survivors of Shoah. The seminars are prepared according to the needs of social workers. Over the years, we have made maximum use of experts in the care for survivors of Shoah who work in the Czech Republic, and so we have decided to extend the scope beyond the borders of our country and invite experts from abroad. In 2014, for the first time, we organized a seminar with a foreign lecturer, psychologist Natan Kellermann, a leading specialist for treatment of the Shoa trauma and leading expert in work with the first and second generations after the Holocaust.

In 2016, we organised two seminars, one with a foreign lecturer, an Israeli psychiatrist and psychotherapist, Martin Auerbach, the director

of the AMCHA-based medical unit in Israel, who takes care of the Shoah survivors and their families. He prepared an all-day seminar on “Emotional Load and Challenges in Assisting Professions in Working with Survivors of Shoah”. The successful and contributive seminar was attended by 38 members of staff. The seminar was held with the support of the Claims Conference, the Federation of Jewish Communities in the Czech Republic and the Public Benefit Society to support people affected by the Holocaust.

The second seminar was accredited and we prepared it together with the Social Department of the Jewish Community in Prague. The topic was “Introduction to the Specifics of Palliative Care for Jewish Clients”. The lecturers were a psychotherapist PhDr. Zuzana Peterová, Rabbi David Peter and Chevra Kadisha Chairman, Chaim Kočí. The seminar was attended by 19 participants. The participants were acquainted with the theme of dying and sickness in Judaism, the role of Jewish organizations in helping the sick and dying, aspects of the Jewish funeral, dealing with loss and mourning.

## **Mechanchim – Seminar for teachers and lecturers of Jewish educational institutions**

For the fourth year in a row, the Mechanchim Seminar has had a solid place among our educational programs. This is an annual meeting for teachers and trainers of Jewish educational organizations, during which teachers can listen to lectures by leading contemporary Jewish and community-based experts in education and community work, sharing their experiences, informing each other about their current projects, and building further cooperation.

The seminar was held in March 2016. In the first part, dedicated to teachers of Jewish schools and nurseries, Limmud UK founder Clive Lewton delivered a lecture on “How to Educate Whole Jewish Personalities”. The second lecturer was Ethel Barylka of the Ibn Gabirol Jewish School in Barcelona, who continued her lecture on “Judaism Outside the School Bench”. During the second day, Karina Sokolowska from JDC, co-founder of Warsaw Community Center JCC Warsaw, lectured on community work. A traditionally very important part of the seminar was a final discussion on the current situation of Jewish education in Bohemia and the presentation of the current community projects. The Mechanchim Seminar was financially supported by the American Jewish Joint Distribution Committee, the Dutch Jewish Humanitarian Fund, the Jewish Community Foundation in Prague and the Jewish Museum in Prague.

# We Meet

## **I am Jewish and I Prosper – Café Sessions**

We continued in the series of community cafés called “I am Jewish and I Prosper”, in which we regularly present interesting members of public that have Jewish roots. We try to show that the mosaic of the Jewish world is diverse, and that the Jewish tradition of a family of individuals can play a very different role in their personal or professional life. In 2016, we organized 2 cafés, both of them were held at Café Jedna in Prague. The presenter, Irenka Kalhousová, held interviews with Tomáš Töpfer and Milan Hein, and Halka Je Třešňáková and Milan Šteindler. Cafés have a steady attendance of 100 to 150 participants. In 2017 we will continue with the cafés project. We started to make videos of these seminars and upload those videos to our YouTube channel.

The project was supported by the American Jewish Joint Distribution Committee and the Jewish Community Foundation in Prague.

## **Concert of Marta Kubišová for the FHV**

We dedicated our annual concert to our donors and partner organizations. Among the honoured guests we welcomed the Minister of Culture of the Czech Republic, Mr. Daniel Herman, and the Minister for Human Rights, Jiří Dienstbier. The evening was traditionally moderated by Ester Janečková. Marta Kubišová presented a range of her hits, of which, especially the last one, Prayer for Marta, resonated strongly among the participants long after the performance. During the evening, the FHV organised a collection for projects in the Survival Care programme and the visitors to the concert contributed with CZK13,800. The concert was held in cooperation with the Ungelt Theater.

We would like to, once again, thank you all for your support, a lovely occasion to meet and we look forward to seeing you again next year.

# We Remember

Together with the Federation of Jewish Communities in the Czech Republic, we organized a traditional commemorative meeting on the occasion of Holocaust Remembrance Day and Prevention of Crimes against Humanity, on 27 January 2016, in the Senate of the Parliament of Czech Republic. The patron of the meeting was Mr. Milan Štěch, the President of the Senate of the Czech Parliament, who also addressed the guests. Holocaust witnesses, Asaf Auerbach and Hanuš Hron, the President of the Committee for Compensation for the Roma Holocaust Čeněk Růžička, Minister of Labor and Social Affairs Michaela Marksová and Chairman of the FJC Petr Papoušek, who also read the greeting of the chairman of the Chamber of Deputies of the Czech Parliament, Jan Hamáček.

The commemorative event was accompanied with the exhibition of the Carlsbad Jewish community “Stín na duši – Shadow on the Soul”... the memories and the destinies of Holocaust witnesses from Karlovy Vary and its surroundings, which we also co-financed. The event was attended by dozens of Shoah witnesses, 8 witnesses directly from Karlovy Vary, Minister of Culture Daniel Herman, ambassadors, representatives of important cultural organizations and 20 Lauder School students. The survivors were, for the first time, accompanied by their children and grandchildren.

The meeting was held in cooperation with the Senate of the Czech Republic and with the support of the Jewish Community in Prague.

# Grant of the Ministry of Culture

On December 18, 2014, the FHV signed an agreement with Czech Ministry of Culture of the Czech Republic on a long term partnership on a project called “Provision of Endowment Benefits in FHV Programmes – Renovation, Remembrance and Future”.

Based on an approved statement of subsidy in 2015, on April 27, 2016, we received a decision of the Ministry of Culture on a provision of a non-investment subsidy from the state budget amounting CZK20 million for the calendar year 2016.

## **The FHV financial report was assessed for a period from January 1 to December 31, 2016.**

In 2000, the FHV received an endowment benefit amounting CZK300 million from the former State Property Fund, today's Ministry of Finance of the Czech Republic. These financial means are distributed in harmony with the stated grant rules on yearly basis. A large proportion of these financial means has been distributed as part of the endowment benefits, the remaining CZK52 million is invested in shares. Part of the funds is administered by ČSOB Asset Management, second part is managed by Conseq Investment Management, a.s.

On January 29, 2014 the contract on the transfer and use of financial means between FHV and the Ministry of Finance of the Czech Republic was terminated, all of the unused funds remained in the administration of FHV; the funds will further be administered as FHV own funds.

In 2016, in the 15 call for proposals, a total granted amount was CZK21,832,000. Of which 17,239,000 was financed by the subsidy of the Ministry of Culture, CZK4,333,000 was financed by the FHV's own means. The remaining CZK260,000 was funded by a donation from the Public Benefit Society to support people affected by Holocaust, the Public Collection and the gift of the Jewish Community in Prague.

The FHV administration costs in 2016 amounted to CZK3,572,000. Out of this sum CZK850,000 was paid by NFOH from its own funds, CZK2,500,000 from the subsidy of the Ministry of Culture of the Czech Republic and CZK222,000 was paid from other external sources.

Náš výrok k účetní závěrce se k ostatním informacím nevztahuje. Přesto je však součástí našich povinností souvisejících s ověřením účetní závěrky seznámit se s ostatními informacemi a posoudit, zda ostatní informace nejsou ve významném (materiálním) nesouladu s účetní závěrkou či s našimi znalostmi o účetní jednotce rizikované celkové ověřením účetní závěrky nebo zda se jinak tyto informace odvíjejí jako významné (materiální) nesprávné. Také posoudíme, zda ostatní informace byly ve všech významných (materiálních) ohledech vypracovány v souladu s příslušnými právními předpisy. Tímto posouzením se rozumí, zda ostatní informace splňují požadavky právních předpisů na formální náležitosti a postup vypracování ostatních informací v kontextu významnosti (materiálnosti), tedy zda případné nedostatečné uvedení požadavků bylo způsobilo odlišný závazek čtenářů na základě ostatních informací.

Na základě uvedených postupů, do mely, již dříve posoudit, vidíme, že

- ostatní informace, které popisují skutečnosti, jež jsou těmto předpokladem zobrazení v účetní závěrce, jsou ve všech významných (materiálních) ohledech v souladu s účetní závěrkou a
- ostatní informace byly vypracovány v souladu s právními předpisy.

Dále jsem prověřil správnost, zda na základě formálních povinností o Organizaci, k nimž jsem dospěl při provádění auditu, ostatní informace neobsahují významné (materiální) výhradní nesprávnosti. V rámci uvedených postupů jsem v ešedřných ostatních informacích žádné významné (materiální) výhradní nesprávnosti nezjistil.

Při sestavování účetní závěrky je správní rada Organizace povinen posoudit, zda je Organizace schopna nepřetržitě trvat, a pokud je to relevantní, popsat v příloze účetní závěrky skutečnosti týkající se jejího nepřetržitého trvání a posoudit předpoklad nepřetržitého trvání při sestavení účetní závěrky, a výjimečně případně, kdy správní rada přisluje změnit Organizační plán činnosti, respektive kdy nemá jinou realnou možnost na tak učinit.

Za dohled nad procesem účetního vykazování v Organizaci odpovídá dozorčí rada.

#### Odpovědnost auditora za audit účetní závěrky

Náš cíl je získat přiměřenou jistotu, že účetní závěrka jako celek neobsahuje významnou (materiální) nesprávnost způsobenou podvodem nebo chybou a vydat zprávu auditu obsahující náš výrok. Přiměřená míra jistoty je však míra jistoty, nikoliv nízká, a audit provedený v souladu s výše uvedenými předpisy ve všech případech dává dostatečný základ pro odhad případného významného (materiálního) nesprávnosti. Nesprávnosti mohou vzniknout v důsledku podvodu nebo chyb a považují se za významné (materiální), pokud lze racionálně předpokládat, že by jednotlivé nebo v souhrnu mohly ovlivnit ekonomická rozhodnutí, která uživatelé účetní závěrky na jejím základě přijmou.

Při provádění auditu v souladu s výše uvedenými předpisy je naší povinností aplikovat během celého auditu odborný úsudek a zachovávat přiměřený skepticismus. Dále je naší povinností:

- Identifikovat a vyhodnotit rizika významné (materiální) nesprávnosti účetní závěrky způsobené podvodem nebo chybou, související a provést auditní postupy reagující na tato rizika a získat dostatečný a vhodný důkazní materiál, abychom na jejich základě mohli vyjádřit výrok. Riziko, že neodhalíme významnou (materiální) nesprávnost, je nižší než riziko v důsledku podvodu, je větší než riziko neodhalíme významnou (materiální) nesprávnost způsobenou chybou, protože součástí podvodu mohou být tajné dohody (dohody), falšování, úmyslné zpoždění, nepřetržitě prokládání nebo obcházení vnitřních kontrol správní rady.
- Seznámit se s vnitřním kontrolním systémem Organizace relevantním pro audit v takovém rozsahu, abychom mohli navrhnout auditní postupy vhodné s ohledem na dané okolnosti, nikoli abychom mohli vyjádřit název na účinnost jejího vnitřního kontrolního systému.
- Posoudit vhodnost použitých účetních pravidel, přiměřenost provedených účetních odhadů a informace, která v této souvislosti správní rada Organizace uvedla v příloze účetní závěrky.
- Posoudit vhodnost použití předpokladu nepřetržitého trvání při sestavení účetní závěrky, správní rady a, za to, zda s ohledem na shromážděný důkazní materiál existuje objektivní nejistota vyplývající z údajů nebo podrobností, které mohou významně zpochybnit schopnost Organizace nepřetržitě trvat. Jestliže dojdeme k závěru, že taková významná (materiální) nejistota existuje, je naší povinností Organizaci v naší zprávě o informacích v této souvislosti v příloze účetní závěrky, a pokud tyto informace nejsou dostatečné, vyjádřit modifikovaný výrok. Naše závěry týkající se schopnosti Organizace nepřetržitě trvat vycházejí z důkazní informací, které jsme získali do data naší zprávy. Nicméně budoucí události nebo podmínky mohou vést k tomu, že Organizace strati schopnost nepřetržitě trvat.
- Vyhodnotit odkazové prezanotace, číselní a obsah účetní závěrky, včetně příloh, a dále to, zda účetní závěrka zahrnuje podkladový transakce a události způsobem, který vede k věrohodnému zobrazení.

Náš povinností je informovat správní radu a dozorčí radu mimo jiné o plánovaném rozsahu a načasování auditu a o významných zjištěních, která jsou v jeho průběhu učiněna, včetně zjištěných významných nedostatků ve vnitřním kontrolním systému.
