

2020 ANNUAL REPORT

Three Generations

The work of the Foundation for Holocaust Victims is diverse, from priority care for Holocaust survivors through educational and community projects, to the restoration of Jewish monuments. In previous years, the Annual Reports were supplemented by portraits and messages of the survivors of the Shoah. We support the projects and are actively working to preserve their legacy, commemorate the memory of the victims of the Holocaust and a better future for the Jewish community and general society.

We approached with questions the representatives of the second, third and already fourth generation.

What does the Shoah family experience mean to you?

What did you learn from your parents / grandparents and what would you like to pass on?

What is important to you in life?

Eliáš Skála-Rosenbaum

What did you learn from your parents/ grandparents and what would you like to pass on?

Empathy for the weak and disadvantaged, helping in difficult situations, and a strong connection to Judaism, responsibility to tradition and respect for what my predecessors have accomplished. In addition, I admire my mom's dedication and my dad inspires me with his determination and hard work.

What does the family experience of the Shoah mean to you?

For me, the Shoah is a family trauma that I see passing through generations, and I see it in both of my parents, who were far from experiencing the war. I'm also starting to notice little things about myself related to the Shoah, and I was born 60 years after the end of the war.

What is important to you in life?

The ability to speak your mind without fear of repercussions and not be ashamed in hindsight.

Věra Roubalová

What does the family experience of the Shoah mean to you?

That would make for a long article. In short – For me, Shoah stands for a warning. I can't be indifferent, I'll do what I can to make sure it doesn't happen again.

What have you learned from your parents that you would like to pass on?

Respect for other people and opinions, friendship, zest for life, directness. But also vigilance against any fanaticism, extremism, including openness. Talk about topics that are complex.

What is important to you in life?

Interest in people, human rights and the future, good relations with grandchildren, children, husband, siblings, friends. Solidarity.

Petr Brod

What does the family experience of the Shoah mean to you?

The family experience of the Shoah is above all a commitment to contribute to ensuring that the horrors of the Shoah are not forgotten. I have had the opportunity as a journalist and columnist in three countries, and I have always tried to bring this topic to my audience or readers mainly through the stories of witnesses and survivors. The history of the 20th century has also taught me that we who come from Jewish families should always claim our roots as heirs to the important traditions with nothing to hide.

What have you learned from your parents/grandparents that you would like to pass on?

Of my grandparents, I only experienced my maternal grandmother, a Catholic Austrian, who died in the mid-1950s when I was four years old. I learned my first songs from her. They were sung in German, at a time when this language could not be spoken publicly in Prague. Later, in connection with this experience, my parents encouraged me not to judge people according to their origin, mother tongue, race, religion and similar criteria, but according to how they behave. I would like to pass this attitude on to my daughter.

What is important to you in life?

In private life, it is love, good family relations and friendship. In public life, it is truth, tolerance and humor.

Petr Papoušek

What does the family experience of the Shoah mean to you?

For me personally, the Shoah represents something terribly distant, unimaginable and yet intrinsically powerful that is stored in me through the memories of my grandfather and grandmother, their fear for our health. It's a family memory you don't know about or are unaware of. Sometimes it bubbles to the surface during an emotional experience and then fades away again.

What have you learned from your parents/grandparents that you would like to pass on?

Grandpa always did everything 100 % and Grandma was the nicest person in the world. It may sound like a cliché, but that's how I remember them and I feel I got something from everyone and I try to emulate those good qualities. Hopefully we will be able to pass on those good qualities to the next generation.

What is important to you in life?

To keep the family healthy and happy.

Hermína Neuner

What does the family experience of the Shoah mean to you?

Burden and commitment. This division is justified because the burden is given, but the commitment is chosen. All of us in my generation witnessed the trauma of our grandparents and its transmission to our parents' generation, but in adulthood, we have gone from being mere witnesses to actors in a family history that we pass on. Looking back, I realize the extent to which my family's experience of the Shoah influenced, shaped and directed me.

What have you learned from your parents/ grandparents that you would like to pass on?

My parents taught me respect for the parents. It's not just an empty phrase to me. I try to pass on the relationship to my ancestors and family roots to my daughter.

What is important to you in life?

Ordinary but precious things, i.e. health, family, friends... Everything my grandparents' generation lost.

Lea Králová

For me, the family experience of the Shoah makes me realize what a miracle it is that I could have been born at all. It was because my parents' grandparents had not only courage, but great luck and several people around them without whom they would not have survived. I appreciate that. Unlike them, I don't have to live in fear.

FOREWORDS OF THE CHAIRMAN OF THE BOARD OF DIRECTORS

In 2020, the Czech Republic was among the most affected countries by the Covid-19 pandemic. The most vulnerable were the eldest, i.e., those people, who are supported by a large part of the activities of the Foundation for Holocaust Victims (FHV). Of course, the activities of the FHV were limited by government measures, as were the activities of other organizations. Our activities had to be carried out in full scope, though, under very difficult conditions.

The Board of Directors and the Supervisory Board held most of their meetings online, without a possibility of personal contact. Nevertheless, the statutory bodies of the FHV carried out their activities in accordance with the foundation charter and in accordance with Czech law. The secretariat of the FHV worked as far as possible at the headquarters of the organization and, in addition to the routine agenda, performed the extraordinary tasks associated with the pandemic.

The Foundation for Holocaust Victims was involved in the flexible assistance to the elderly and older members of the Jewish communities. The FHV also distributed an emergency aid provided by other organizations such as Czech-German Fund for the Future and the Embassy of the State of Israel. This emergency aid is explained in more detail further in this annual report.

As every year, the main activities of the fund were the announcement, provision, and administration of grants in our programs: Care, Remembrance, Renovation, Future and Our Future. The FHV has invested its funds in such a way that even the financial market downturn caused by the pandemic did not threaten our investments and the overall annual result of investments was positive.

On behalf of the FHV, I would like to thank very much to all the donors who, through the FHV, have contributed to the projects that we have supported and, of course, especially to those donors who have responded quickly to the threat posed by the coronavirus and provided the means to defend against it.

I thank the staff of the FHV Secretariat for their extraordinary personal commitment during the pandemic. Without their work and dedication, the FHV's activities could not work without any interruption. And of course, I also would like to thank my colleagues from the Board of Directors and Supervisory Board for their continued work in difficult conditions.

Ing. Michal Klíma
The Chairman

WE MITIGATE THE INJUSTICES OF THE PAST, WE THINK ABOUT THE FUTURE

The FHV was established in 2000 by the Federation of Jewish Communities in the Czech Republic based on the recommendation of the Joint Working Committee focusing on the mitigation of some property injustices to Holocaust Victims, to organize educational and cultural activities in Judaism in the Czech Republic.

Endowment benefits have been awarded in grant programs for 19 years:

CARE

social, health and psychological care for holocaust survivors

REMEMBRANCE

Remembrance and educational projects on Holocaust

RENOVATION

Renovation and maintenance of Jewish monuments in Bohemia and Moravia

FUTURE

Education in Judaism and the development of Jewish communities and for 8 years also in the sub-program **OUR FUTURE** projects for Jewish families with children.

In the years 2001–2005 we administrated the **Compensation Program**, in which we distributed CZK100 million among those, whose property in today's Czech Republic had been confiscated during WWII based on racial laws and who were unable to retrieve it or receive other forms of compensation through the then applicable restitution laws or through the international agreements. The program has been closed for several years now and our Foundation is currently not dealing with claims of this kind in any way.

We support the projects by organizing our own activities, especially by organizing expert seminars for social workers, care providers and psychologists of Jewish organizations that provide care to the Shoah survivors and their families. We also organize and support the Mechanchim seminars for Jewish teachers, lecturers, and community workers. We are also focusing on community development, preparing the café sessions (Three Generations and I am Jewish, and I Prosper) and celebrating Hanukkah in public spaces. Every year, together with the Federation of Jewish Communities in the Czech Republic, we organize a commemorative meeting on The Day of Commemoration in Memory of Victims of the Holocaust and Prevention of Crimes Against Humanity on the premises of the Senate of the Czech Parliament. We are preparing an educational seminar connected with a visit to the former Auschwitz-Birkenau extermination camp.

The FHV is mainly funded from state resources. In the year 2000, the Government of the Czech Republic, transferred CZK300 million to the FHV's account from the National Property Fund. In December 2014, the FHV signed an agreement with the Ministry of Culture of the Czech Republic on a five-year financing period in which a yearly endowment benefit, amounting CZK20 million, was transferred to FHV's account. The Government finances the projects in all grant programs excluding the Care Program, which is financed from the FHV's own means. On 3 June 2019, the Government of the Czech Republic decided by Resolution No. 387 on further support for the FHV in the years 2020–2024 totaling CZK100 million. The subsidy will again cover the Renovation Program, Remembrance Program, The Future Program, a Sub-Program Our Future and part of the administrative costs.

We regularly inform you about our activities through our website, Facebook profile and YouTube channel.

Care, Remembrance, Renovation, Future and Our Future

The Foundation for Holocaust Victims supports projects based on a public tender. The call for proposals is announced once a year, usually in July, and the deadline for projects is September. The projects are realized during the following year.

- The FHV supports projects prepared especially by organizations under the umbrella of the Federation of Jewish Communities in the Czech Republic, associations, public beneficial organizations, institutions established by the church, public service institutions, and allowance organizations.
- All organizations must be registered in the Czech Republic. Natural persons are not entitled to ask for endowment benefits.
- We only support projects that are realized within the territory of the Czech Republic.
- The endowment benefits are granted for a period of 11 months, and in case of Care program the period is one calendar year.
- In Care, Remembrance and Renovation Programs, there is no limit for a maximum requested amount. The maximum amount of the endowment benefit within the Future Program is CZK50,000 and within Our Future Sub Program it is CZK100,000.
- We favor projects having various financing sources.

All applications are processed through Grantys – an Electronic Grant Database at <https://nfoh-granty.cz/>.

The applications are evaluated by the respective grant committees

nominated by the FHV Board of Directors. The Board of Directors grants endowment benefits based on their recommendation. The results of grant call are published on the FHV website, and all applicants are informed in writing. We sign contracts with all our successful applicants. Afterwards we follow and review the use of the monetary means during the implementation of the project. The supported organizations present the FHV with progress and final reports on the projects, as well as reports on the budget. In case of any violation of contractual terms and conditions, we demand the return of the granted money. All projects are subject to an audit. We actively participate in projects we supported and in case the beneficiary asks, we help with the promotion of the projects. Projects in the Reminder, Renovation and Future (including the Our Future sub-program) are funded by the Ministry of Culture subsidies, the Care program is financed from our own financial resources and the donations we receive.

In 2020, the FHV and the financial means from the subsidy received from the Ministry of Culture of the Czech Republic supported the total of 125 projects.

The FHV Board of Directors selected on 23 November 2020 a total of 145 projects, which we will support in 2021 with the amount of CZK21.5 million.

WE CARE

From 2002-2020, we supported the projects with a total amount of CZK91.7 million

For nineteen years we have been supporting projects that provide professional social care, health care and psychological care for Holocaust survivors and their families. Through collaboration with professionals, we strive to improve the quality of their lives and provide the best care at their old age. We shall not forget about the survivor's second generation. We financially support home care, nursing services, psychological aid, residential care, day care centers run by Jewish communities, social workers, social advisory services, personal assistants, medical care, occupational therapy, physiotherapy, rehabilitation, phone contact services and many other activation programs. The care for Holocaust survivors and their families has been our long-term priority.

In 2020, everyone faced a Covid-19 pandemic and had to adjust their lives to minimize the risk of contracting this disease. Social services were very busy and in great demand. The clients of Jewish communities, thanks to the high commitment and dedication of social workers, received services without interruption and had the necessary care provided, including the provision of protective equipment, necessary food supplements and vitamins. For more information, see Chapter 10 – Help During the Pandemic.

We actively cooperate with the Federation of Jewish Communities, which coordinates the financing of care from the Claims Conference in the Czech Republic. In total, we support the care for about 350 clients.

WE RENOVATE

Since 2002, we have supported the restoration of Jewish monuments in the amount of CZK165.1 million.

We support the restoration and maintenance of Jewish monuments throughout the Czech Republic. Our goal is to restore the monument to its original state when the monument was built or, if this is not feasible, we then restore the monument to the state that would capture the maximum of the architectonic, artistic, and artisanal elements.

We finance the repairs of synagogues, rabbinic houses, and Jewish cemeteries. We also support re-erection and repairs of knocked-down tombstones, restoration of valuable tombstones and reconstruction of fencing walls. Our financial means do not enable us to restore all tombstones, so we also support cemetery documentation to have a digital image of its look saved for the future generations. All projects are led by professionals.

WE DEVELOP THE COMMUNITY

OUR FUTURE SUB-PROGRAM

We finance the programs for young Jewish families to support the development of Jewish communities within the Czech Republic. We also support projects aimed at the youngest members of the Jewish community, their education in Jewish traditions and we strengthen their ties to the Community. The sub-program was established in 2013 thanks to the exceptional donation from Prague Jewish Community. Since 2015 the program has been supported by the FHV on standard basis.

The coronavirus pandemic has significantly affected our activities. Thanks to the grant of the Ministry of Culture, we supported projects in our grant programs. For some organizations we remained an important partner for projects and allowed projects to be implemented even in an amended form.

From the very beginning, we tried to be helpful, especially to the survivors of the Shoah and their caregivers.

Immediately after the first lockdown, we bought suitable fabrics and asked the seamstress, Zuzana Němcová, to sew the face masks, which were in short supply.

Thanks to the project “Face Masks to Seniors” and the cooperation with Judita Matyášová, on 26 March, we received 100 sewn face masks, which we handed over to the social department of the Prague Jewish Community.

On April 3, we acquired for EZRA, the comprehensive home care of Prague Jewish Community and for Charles Jordan’s family hotel, at that time completely inadequate protective equipment, namely 100 protective suits, 10 face

shields and 34 liters of disinfectant. The donors were a group of volunteers and companies organized by, among others, Simona Bagarová from the Management for NGOs, and Judita Matyášová.

On 22 May, we received an exceptional aid in the amount of CZK 200,000, to help survivors of the Shoa during the coronavirus pandemic. The support was given by the Czech-German Fund for the Future. From this aid we purchased protective and hygienic aids, vitamins, and food supplements to strengthen immunity. The project involved Jewish communities in Brno, Karlovy Vary, Liberec, Pilsen, Prague, Olomouc, Ostrava, and Teplice.

In the summer we organized the cooperation between Živá Paměť, o.p.s. and the Social Care Home Hagibor, which led to financial support for the services provided.

In cooperation with an Ambassador Daniel Meron and the Embassy of the State of Israel, we implemented a joint project and on the eve of the Jewish New Year, we purchased protective

equipment for Jewish communities outside Prague in the amount of CZK 22,300.

In November and December, we catered to volunteers who donated their time and helped in a critical situation at the Hagibor Social Care Home with the care for our most vulnerable seniors.

Towards the end of the year, we started preparing another application for exceptional support from the Czech-German Fund for the Future, for the first half of 2021.

We would like to thank to all our donors, volunteers, co-workers, especially social workers, caregivers, and psychotherapists. ♥

For many years, we have been supporting the projects by organizing our own educational and cultural programs. We prepare the programs for our partner organisations, possibly in cooperation with them. We maintain contact with those organisations, we map the needs of their employees and actively look for ways to help, particularly Jewish organizations, in their work and activities. We are also aware of the community overlap of our work. That is why we organize cultural events that help to enrich and improve community life in Jewish communities, while also helping Jewish organizations with the preparation of projects that develop their social life.

We Educate

Workshops for Social Service Workers

The care for Holocaust survivors and their families has been our priority. We regularly organize education and meetings of social workers of Jewish communities in the Czech Republic. We prepare seminars with an accreditation of the Ministry of Labor and Social Affairs of the Czech Republic. Since 2014 we have also been organizing seminars with experts from abroad. In 2020 we prepared two accredited seminars. A seminar with a foreign lecturer was planned but could not take place due to pandemic measures.

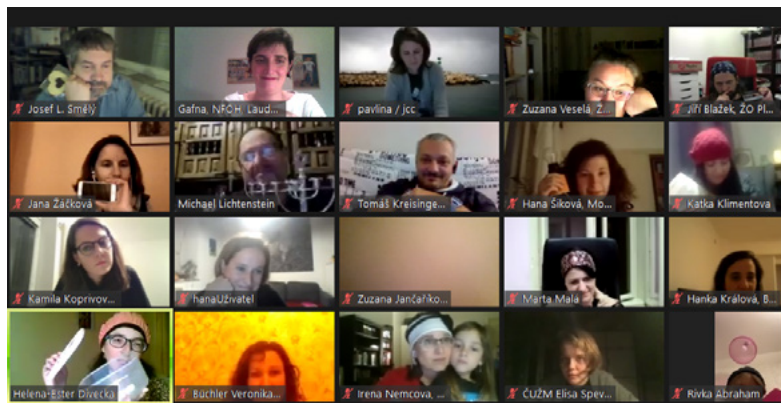

The first meeting was held in June and its topic was the “Effective Conflict Management – Selected Techniques”. The lecturer was Věra Máchová. The aim of the training program was the typology of clients who require a specific approach and clients with problematic behavior. The lec-

turer explained in detail the principles of negotiations and communication with these groups of clients while observing a professional approach on the part of the carers. The participants also got acquainted with the skills of Mental Hygiene and coping with stressful situations. The seminar was attended by 17 people.

In early December, due to the pandemic situation, the second meeting was held online. The theme was “Working with emotions in a professional relationship – how to cope with grievances and feelings of guilt.” The aim of the seminar was to familiarize participants with the problems of processing emotions and emotional injuries arising in connection with interpersonal communication. The seminar was led by Věra Máchová. The seminar was attended by 11 workers.

We would like to thank for their support to Publicly Beneficial Association Supporting Persons Affected By Holocaust.

Mechanchim seminar for teachers and workers in Jewish educational organizations

Due to government regulations related to Covid-19, this year’s seminar could not be held in the traditional two-day attendance format. We decided to take advantage of this situation and turn this challenge into an opportunity. We invited a wide range of people who work in community education and community activities to an afternoon online meeting, and we chose a guided debate over our experience of hosting community events during the pandemic.

The seminar was prepared jointly by Moishe House regional coordinator, Eva Šrůt, and Lauder schools representative for Judaism, Tereza Váňová.

Several concrete ideas emerged from the meeting, which were later implemented during Hanukkah. A number of activities that the participants came up with as outlined ideas, we moved together in a new direction. Many non-traditional ideas (offline fight, podcasts, sports challenges, etc.), which some participants came up with, became the inspiration for future programs of the participants of the seminar.

We developed Mechanchim and started holding follow-up meetings called Be Café, where we

discuss community plans and coordinate activities before individual holidays. The meetings are held online, the first one took place before Hanukkah. We plan to continue with them next year. We would like to thank the American Jewish Joint Distribution Committee for their cooperation and support.

We Remember

The Holocaust Remembrance Day and the Day of Prevention of Crimes Against Humanity

In cooperation with the Federation of Jewish Communities in the Czech Republic, we organized a traditional Holocaust Remembrance Day and the Day of Prevention of Crimes Against Humanity in the Senate of the Czech Republic. The event was held with the auspices of its President on 27 January 2020.

The meeting was affected by the sudden passing away of the President of the Senate, Mr. Jaroslav Kubera. Mr Kubera's speech was delivered by Jiří Oberfalzer, the Vice-President of the Senate. Other presenters were: Radek Vondráček, the Chairman of the Chamber of Deputies, Eva Pokorná, former prisoner of the Auschwitz-Birkenau extermination camp, Jana Horváthová, director of the Roma Museum, Michal Klíma, the Chairman of the FHV Board of Directors and Tomáš Kraus, the secretary of the Federation of Jewish communities.

The meeting was attended by survivors of the Shoah, representatives of the so-called second generation, children of survivors, students of Lauder schools, representatives of the state administration, ambassadors, the Archbishop of Prague, Chief Rabbi Sidon and the presidents of the Jewish Communities.

The organization of the event was supported by our volunteers.

We would like to thank the Ministry of Culture of the Czech Republic, Prague Jewish Community and Mamacoffee Company for their support and also Tereza Kotláríková for the cooperation.

Educational seminar in Auschwitz

The seminar is dedicated to the memory of Marta Kottová and Michal Salamonovič, the witnesses of Auschwitz-Birkenau, who were devoted in working with the students. They tirelessly shared their nightmarish experience with an aim to prevent the Holocaust from ever repeating again. We feel grateful to their work, and we are trying to continue in their effort.

We prepared the seminar together with a visit to the former Auschwitz-Birkenau extermination camp together with Erika Bezdíčková, and in cooperation with Zuzana Pavlovská, the head of the Department for Education and Culture of the Jewish Museum in Prague. Because of the pandemic, the seminar was not held. In September, we were struck by the news of Erika Bezdíčková's passing away. With our support, the Czech Auschwitz Committee published a book of her memoirs and so, even if we no longer make the educational journey together, her story will live on.

We Meet

A Lecture by Professor Ivan Rektor

On 9 January, 2020, on the premises of the Prague Jewish Community, we organized a lecture of Professor Dr. Ivan Rektor, CSc. The topic of the lecture was his research, which our foundation partially funded: *The Lifelong Impact of Extreme Stress on the Human Brain – Psychological Profile and Structural Changes in the Brain of People who Survived Holocaust*. The lecture was very interesting and enjoyed great interest from the attendees. The seminar was attended by 61 people.

I am Jewish, and I prosper – café sessions

In 2020, we organized 3 café sessions, moderated by Irena Kalhousová and Jan Fingerland:

The first panel was the February Café of 3 Generations, organized on the occasion of the Day of Remembrance of the Victims of the Holocaust and crimes against humanity. Academic painter Helga Hošková-Weissová, historian Martin Šmok and a hospital director, David Kosák, participated in the Café as panellists.

The second Café session, which took place in September, introduced

Šimon Pánek, a director of the organization People in Need, and Martina Pojarová, director of the nursing home.

The last online Café session was held in December and its panelists were stand-up comedian Michael Szatmary and journalist, Marek Tóda.

We would like to thank the American Jewish Joint Distribution Committee for their support.

Chanukah Benefit Concert

Despite our plans and wishes, we could not organize the Hanukkah benefit concert in the traditional format. We organized the lighting of the Hanukkah lights together with the Federation of Jewish Communities in the Czech Republic and broadcast it online. During Hanukkah, we sold charity donuts and holiday cards. We asked the participants to send a gift or a donor SMS. In total, we collected CZK44,028.

Many thanks to all our donors.

GRANT OF THE MINISTRY OF CULTURE OF THE CZECH REPUBLIC

In December 2014, the FHV concluded a long-term cooperation agreement with the Ministry of Culture of the Czech Republic for the implementation of a multi-year project for the provision of foundation contributions in the Renovation, Remembrance and Future programmes. From 2015 to 2019, the FHV received an annual subsidy of CZK 20 million. On 3 June 2019, the Government of the Czech Republic decided, by Resolution No. 387, on further support for the FHV in the years 2020–2024 totaling CZK100 million. On 23 September 2019, an amendment was signed that extends the long-term cooperation agreement for another five years. On 6 May 2020, based on an approved statement of subsidy in 2019, we received an Approval of the Ministry of Culture on a provision of a non-investment subsidy from the state budget amounting almost CZK20,2 million for the calendar year 2020. With a use of the financial means from the subsidy we funded all projects in the Renovation, Reminder, and Future programs (including the sub-program Our Future). Of the CZK 20,201,581 provided, we did not spend the amount of CZK 980,368, while 13 projects were not implemented due to the Covid – 19 pandemic. In total, there were 110 projects financed by the Ministry of Culture grant. The funds also covered the FHV administrative costs. The project of providing endowment benefits in the Renovation, Remembrance and Future programs has already been successfully implemented 6th year in a row. The subsidy was audited by 22HLAV s.r.o. The Final Report and the account statement were submitted to the Ministry of Culture of the Czech Republic on 1 February 2021. The Auditor's Report was submitted on 11 February 2021.

We would like to thank the Ministry of Culture for their support and cooperation.

Conclusion

Based on the results of the applied procedures, we did not find any significant fact, which would indicate that the accounting records have not been kept in accordance with the applicable laws and the terms of the management of state subsidies by the designated competent decision. The organization compiled the attached Bill of the project costs for a year 2020 in accordance with accounting. Total report recognizable and, at the same time, subsidized cost of projects in CZK19,221,213. In our opinion, this Bill of the project costs **gives, in all material respects, true and fair view of the costs of the above projects and the management of this subsidy is in accordance with the laid down conditions.**

FINANCIAL REPORT AND AUDITOR'S REPORT

The FHV's financial statement was drawn up for period 1 January 2020 – 31 December 2020.

In 2000, the FHV received an endowment benefit amounting CZK300 million from the former State Property Fund, today's Ministry of Finance of the Czech Republic. These financial means are distributed in harmony with the stated grant rules on a yearly basis. A large part has already been distributed in endowment benefits, the remaining almost CZK35 million is invested in the portfolios of securities under the management of the investment company Conseq Investment Management, a. s.

On 29 January 2014, the contract on the transfer and use of financial means between the FHV and the Ministry of Finance of the Czech Republic was terminated. All unused funds remain in the administration of the FHV; the funds will further be administered as FHV's own funds.

In 2020, in the 19th call for proposals, a total granted amount was CZK20,884,000 (Including emergency assistance from the Czech-German Fund for the Future. For more information, see Chapter 10 Assistance During the Pandemic). Out of this, CZK16,721,000 was financed by the subsidy of the Ministry of Culture and CZK3,738,000 was financed from the FHV's own means. The remaining CZK431,000 was paid from the donation of the Public Benefit Society to support people affected by the Holocaust, from public collection and from the Czech-German Fund for the Future.

FHV's administrative costs for 2020 amounted to CZK3,613 thousand. Out of this sum, CZK982,000 was paid by the FHV from its own funds, CZK2,500,000 from the subsidy of the Ministry of Culture and CZK131,000 was paid from other external sources.

INDEPENDENT AUDITOR'S REPORT

Prepared for the founder of the Foundation For Holocaust Victims

Report on the Verification of Financial Statements

Auditor's Opinion

We have audited the accompanying financial statements of the organization FOUNDATION FOR HOLOCAUST VICTIMS (the "Organization"), prepared on the basis of Czech accounting regulations, which comprise the balance sheet as at 31 December 2020, the profit and loss statement for the year ended 31 December 2020 and the accompanying financial statements, which contain a description of the material accounting methods used and other explanatory information. The details of the organisation are set out in point I. of the annexes to these financial statements.

In our opinion, the financial statement gives a true and fair view of the assets and liabilities of the FOUNDATION FOR HOLOCAUST VICTIMS to 31 December 2020, and costs and revenues and financial results for the year ended 31 December 2020 in accordance with Czech accounting legislation.

Basis for the opinion

We conducted our Audit in accordance with the Act on Auditors, the Regulation of the European Parliament and of the Council (EU) No. 537/2014 and Auditing Standards of the Chamber of Auditors of the Czech Republic, which are international standards for Audit (ISA), where appropriate, supplemented and modified by the related application guidance. Our responsibility provided for by these regulations is described in more detail in the Auditor's responsibility for auditing the financial statements. In accordance with the Act on Auditors and the Code of Ethics adopted by the Chamber of Auditors of the Czech Republic, we are independent from the Organization and we fulfilled other ethical obligations resulting from those provisions. We believe that the Audit evidence we have gathered provides a sufficient and appropriate basis for our statement.

Other information contained in the annual report

The term "other information", in accordance with Section 2 (2) (B) of the Act on Auditors refers to the information contained in the annual report outside the financial statements and our Auditor's Report. The Board of Directors of the Organisation shall be responsible for the other information.

Our opinion on the financial statements does not relate to the other information. Nevertheless, it is part of our responsibilities associated with the verification of the financial statements to get acquainted with the other information and consider whether the other information is not in a material misstatement with the financial statements or with our knowledge of the entity gained during the Audit of the financial statements or whether this information does not appear as a material misstatement. We also assess whether other information was in all important (material) aspects, prepared in accordance with the relevant legislation. This assessment means whether the other information meets the requirements of the legislation on the formalities and the procedure for the preparation of the other information in the context of the materiality, that is, whether any non-compliance with those requirements would be eligible to influence the judgment made on the basis of other information.

Based on the procedures carried out, to the extent that we can assess, we state that

- the other information, which describe facts that are presented in the financial statements, is in all important (material) respects, in accordance with the financial statements and
- other information has been prepared in accordance with the legislation.

Furthermore, we are required to state whether, on the basis of knowledge and awareness about the Organization to which we have reached in the implementation of the Audit, the other information does not contain material misstatements. **We have not identified any material misstatements in the other information received under these procedures.**

Responsibility of the Board of Directors and the Supervisory Board of the Organization for the financial statements

The Board of Directors of the Organization shall be responsible for the preparation of the financial statements giving the true and fair view in accordance with Czech accounting legislation and for such internal inspection system that it considers necessary for the preparation of financial statements so as to not contain any significant material misstatement caused by fraud or error.

In preparing of the financial statements the Board of Directors of the Organization is required to assess whether the Organization is able to continue as a going concern and, if relevant, describe in the notes to the financial statements matters relating to its ability to continue as going concern and the use of the assumption of the going concern during the preparation of the financial statements, with the exception of cases when the Board of Directors plans to abolish the Organization or termination of its activity, respectively, when it has no realistic option but to do so.

The Supervisory Board shall be responsible for overseeing the financial reporting process in the Organization.

Auditor's responsibility for auditing financial statements

Our goal is to obtain reasonable assurance that the financial statements as a whole, does not contain a material misstatement caused by fraud or error, and to issue the Auditor's Report containing our opinion. A reasonable degree of assurance is a large degree of certainty; however, it is not a guarantee that an Audit conducted in accordance with the above provisions, in all cases, in the financial statements will reveal any existing material misstatement. Misstatements can arise from fraud or error and are considered material misstatements, if it is realistic to assume that, individually or in the aggregate, such misstatements could influence the economic decisions that users of financial statements adopt on its basis.

In the implementation of the Audit in accordance with the above provisions, it is our duty to apply throughout the audit, professional judgment and maintain professional scepticism. Furthermore, it is our duty to:

- Identify and assess the risks of material misstatement of the financial statements caused by fraud or error, design and perform Audit procedures responsive to those risks and obtain sufficient appropriate Audit evidence, so that we can, on its basis, express an opinion. The risk that we would not detect material misstatement, which occurred as a result of fraud, is greater than the risk of undetected material misstatement caused by error, because part of the

- fraud may be the secret agreement (collusion), forgery, intentional omissions, misrepresentations, or circumvention of internal controls by the Board of Directors.
- Get acquainted with the internal control system of the Organization relevant to the Audit in such a scale, in order to design Audit procedures that are appropriate having regard to the circumstances, not to express an opinion on the effectiveness of its internal control system.
 - To assess the appropriateness of used accounting policies, reasonableness of accounting estimates made the information in this context, the Board of Directors of the Organization stated in the notes to the financial statements.
 - Assess the suitability of using the assumption of the going concern when preparing financial statements by the Board of Directors and whether with regard to the collected evidence there is a material misstatement arising from events or conditions that may significantly challenge the ability of the Organization to continue as a going concern. If we come to the conclusion that such a material misstatement exists, it is our duty to draw attention in our report on the information referred to in this context in the annex of the financial statements, and if such information is not sufficient to express a modified opinion. Our conclusions concern the ability of the Organization to continue as a going concern based on the Audit evidence we obtained by the date of our report. However, the future events or conditions can lead to the fact that the Organization loses the ability to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the annex, and further evaluate whether the financial statements show the underlying transactions and events in a way that leads to the true view.

It is our duty to inform the Board of Directors and the Supervisory Board, inter alia, on the planned scope and timing of the Audit and on the significant findings, which we in the course have made, including identified significant deficiencies in the internal control system.
