ANNUAL REPORT

NADAČNÍ FOND OBĚTEM
HOLOCAUSTU

FOUNDATION FOR
HOLOCAUST VICTIMS

Three Generations

The work of the Foundation for Holocaust Victims is diverse, from priority care for Holocaust survivors through educational and community projects to the restoration of Jewish monuments. In previous years, the Annual Reports were supplemented by portraits and messages of the survivors of the Shoah. We support the projects and are actively working to preserve their legacy, commemorate the memory of the victims of the Holocaust and working towards a better future for the Jewish community and society as a whole. We approached representatives of the second, third and already fourth generation and asked them the following questions.

What does the Shoah family experience mean to you?

What did you learn from your parents and grandparents and what would you like to pass on?

What is important to you in life?

Irena Němcová

What does the family experience of the Shoah mean to you?

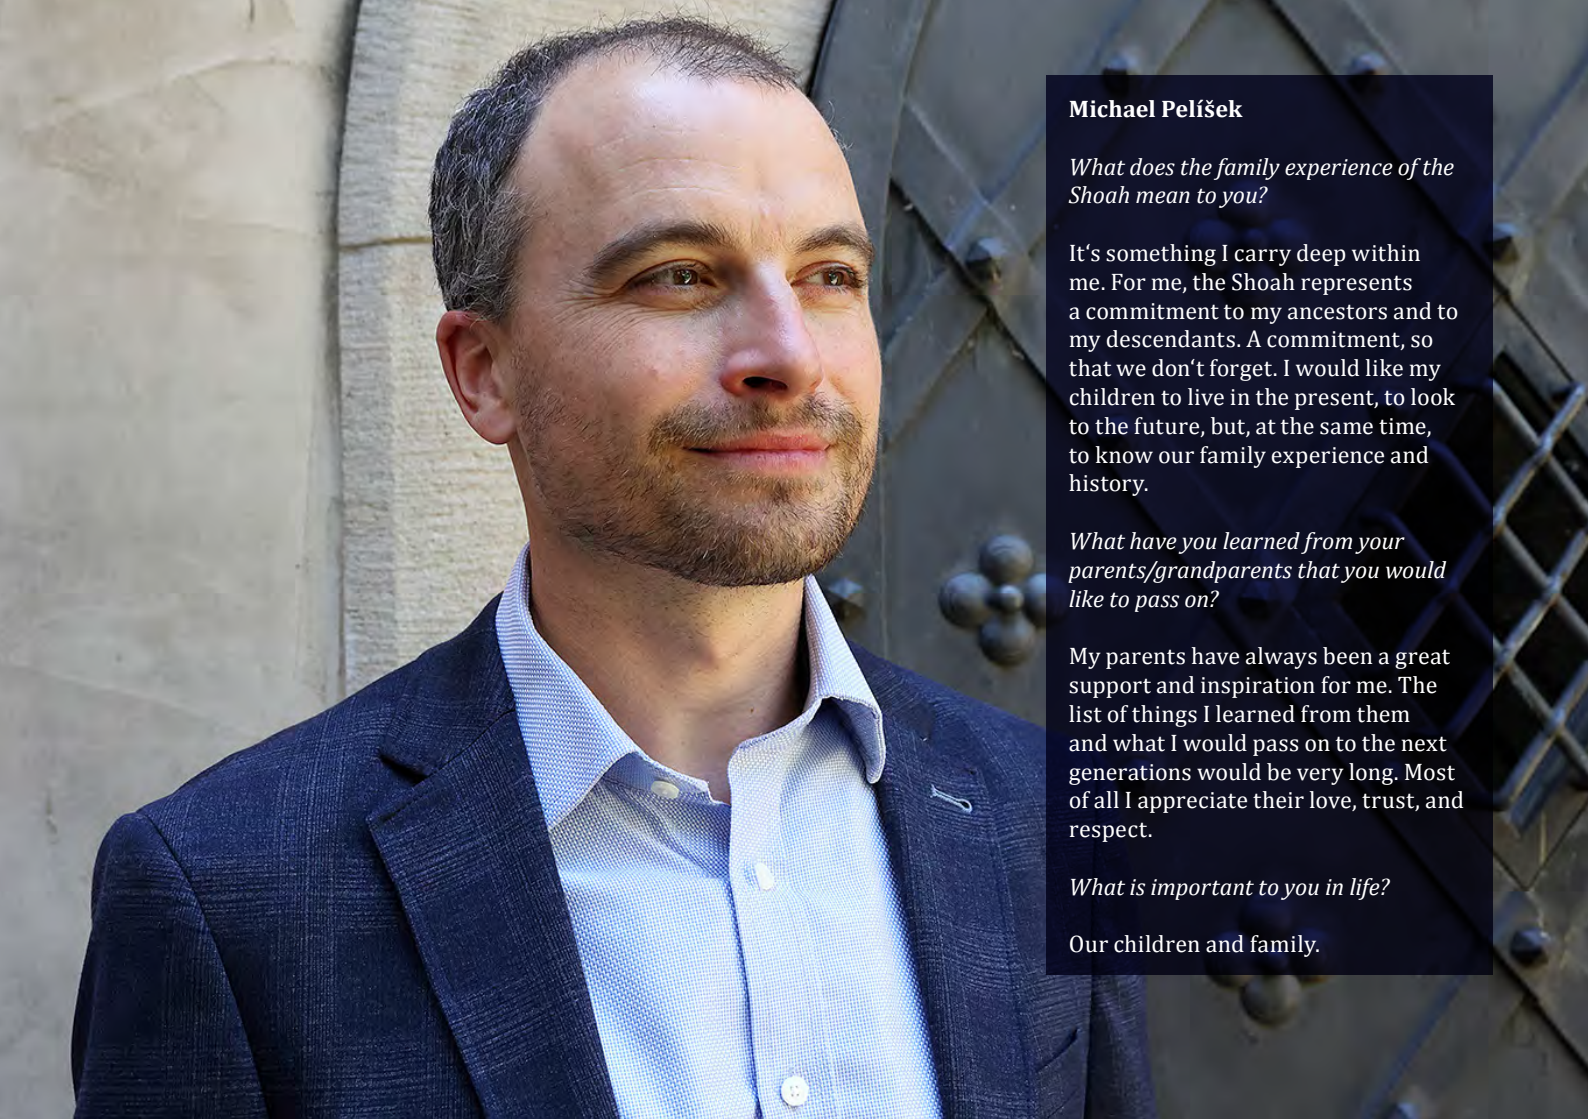

Having had a family experience of the Shoah, I consider even the most ordinary things to be a miracle, like living in peace, with family and friends, being able to live freely as Jews. At the same time, I feel a compulsion to try, at least in some small way, to make the world a little better place to live.

What have you learned from your parents/grandparents that you would like to pass on?

What I admired about my grandmother was her boundless energy, zest for life, fearlessness, sense of humour, interest in everything and everyone around her. My parents added to this the ability to tolerate, empathy, and hard work. I would like to pass all this on to the next generation.

What is important to you in life?

This will sound like a cliché, but definitely health, good relationships within the family, also the Jewish community and the feeling of belonging to it. Unfortunately, we are now seeing again how quickly we can lose these things because of the war...

Michael Pelíšek

What does the family experience of the Shoah mean to you?

It's something I carry deep within me. For me, the Shoah represents a commitment to my ancestors and to my descendants. A commitment, so that we don't forget. I would like my children to live in the present, to look to the future, but, at the same time, to know our family experience and history.

What have you learned from your parents/grandparents that you would like to pass on?

My parents have always been a great support and inspiration for me. The list of things I learned from them and what I would pass on to the next generations would be very long. Most of all I appreciate their love, trust, and respect.

What is important to you in life?

Our children and family.

PhDr. Michal Stránský

What does the family experience of the Shoah mean to you?

The answer is already partly hidden in the first question. Because it is a family experience, it means a lot to me. I was brought up by parents who were survivors of the Shoah, and so many family truths, and also traditions, had their legacy in the experience of survivors who, although lucky enough to have survived themselves, lost all their relatives and were left alone after the war.

What have you learned from your parents/grandparents that you would like to pass on?

I consider it essential that the tragic events, the human sacrifices of Nazi depravity, not be forgotten. Although I try to be an optimist, I am more of a realist, and I know very well that they will be forgotten. However, I do not want forgetting to come too soon, and so this is the twenty-eighth year that I have been actively working in the Terezín Initiative, which has made the commemoration of the Shoah its primary goal. I raised my two sons in this spirit and now I am trying to do the same for my grandchildren.

What is important to you in life?

Beyond the normal and common human wishes – the health and well-being of everyone in the family – it is important to me that homo sapiens remain truly sane, even though this unfortunately does not happen very often

Hana Stránská (14 let)

What does the family experience of the Shoah mean to you?

I am aware of what the Shoah was, and I know what happened to my ancestors. But the subject scares me a lot and I am afraid to learn more about the Shoah. I think I still have time to learn more about this topic..

What have you learned from your parents/grandparents that you would like to pass on?

When my dad and I were in Israel recently, we talked about going to the Yad Vashem museum, but in the end we decided that I wouldn't miss anything if I went when I was older.

What is important to you in life?

To me, all of Judaism is something very precious. And part of the Jewish tradition is a strong relationship with family, I like that very much. I remember when I was very young, my great-grandfather telling me that family is the most precious thing. I cherish my family and one day I would like to pass that feeling on to my children.

FOREWORDS OF THE CHAIRMAN OF THE BOARD OF DIRECTORS

The Foundation for Holocaust Victims is a unique institution. Every year for more than two decades, it has demonstrated anew the effective cooperation between the state and the Jewish community. The support that has been given to Holocaust survivors and the assistance that has proven to save Jewish sites throughout our country that would otherwise either no longer exist today or would be much more costly to save. But also support for the fight against xenophobia and racism and support for Jewish life in Jewish communities. This is the activity of our foundation, which is governed by a board of directors that includes representatives nominated by the Federation of Jewish Communities in the Czech Republic as well as representatives of the state – the government, the Ministry of Foreign Affairs, the Ministry of Finance and the Ministry of Culture. In 2021, the Foundation for Holocaust Victims supported a total of 141 projects. As every year, the largest amount of grant funds, CZK 13 million, was provided for the preservation of cultural heritage, i.e., mainly immovable monuments. These funds were distributed among 23 projects in 2021. The second largest amount of funds (CZK 4 million) was provided to fourteen projects in the Care program. A total of 52 projects were supported for a total of CZK 2.7 million. We distributed

a total of CZK 1.355 million to 49 projects in the Remembrance program.

This annual report provides details and financial documents that transparently document how the money was spent, as well as an audit report that confirms it.

The Foundation for Holocaust Victims could not support these projects without the help of the state. Without it, most of the projects could not be implemented at all or only to a very minimal extent. But a number of non-state donors have also contributed to the Fund's activities. We thank all of them. We are committed to their help.

The Czech Republic will hold the Presidency of the Council of the European Union in the second half of 2022. During this period, the National Strategy for Combating Anti-Semitism and Promoting Jewish Life will be adopted. The Foundation for Holocaust Victims and its more than two decades of activity are something that the Czech Republic can boast about during its presidency, showing the FHV as a good example of how a state deals with the legacy of the Holocaust.

MISSION STATEMENT AND ACTIVITIES

The FHV was established in 2000 by the Federation of Jewish Communities in the Czech Republic on the basis of the recommendation of the Joint Working Committee focusing on the mitigation of some property injustices to Holocaust Victims, to organize educational and cultural activities in the area of Judaism in the Czech Republic.

For 20 years we have been awarding endowment benefits in as part of the following grant programs:

CARE

Social, health and psychological care for holocaust survivors

REMEMBRANCE

Holocaust education and remembrance projects

RENOVATION

Renovation and maintenance of Jewish monuments in Bohemia and Moravia

FUTURE

Education in Judaism and the development of Jewish communities and in the sub-program, **OUR FUTURE**, projects for Jewish families with children.

In the years 2001–2005 we administrated the **Compensation** program, in which we distributed CZK100 million among those, whose property in today's Czech Republic had been confiscated during WWII as a result of racial persecution during the occupation of the territory of the present Czech Republic by Nazi Germany and who were unable to retrieve it or receive other forms of compensation through the then applicable restitution laws or through the international agreements. The program has been closed for several years now and our Foundation is currently not dealing with claims of this kind in any way.

WE MITIGATE THE INJUSTICES OF THE PAST, WE THINK ABOUT THE FUTURE

We support the projects by organizing our own activities, especially by organizing expert seminars for social workers, carers and psychologists of Jewish organizations that provide care to the Shoah survivors and their families. We also organize and support the Mechanchim seminars for Jewish teachers, lecturers, and community workers. We also focus on the community development, organize discussion cafes (Three Generations, I am Jewish and I Prosper, Discussions not only for Children of Maislovka), celebrate Hanukkah in public space and newly organize maintenance work in Jewish cemeteries for volunteers. Every year, together with the Federation of Jewish Communities in the Czech Republic, we organize a commemorative meeting on The Day of Commemoration in Memory of Victims of the Holocaust and Prevention of Crimes Against Humanity on the premises of the Senate of the Czech Parliament. We organize an educational seminar connected with a visit to the former Auschwitz-Birkenau extermination camp.

The FHV is mainly funded from state resources. In the year 2000, the Government of the Czech Republic, transferred CZK300 million to the FHV's account from the National Property Fund.

In December 2014, the FHV signed an agreement with the Ministry of Culture of the Czech Republic on a five-year financing period in which a yearly endowment benefit, amounting CZK20 million, was transferred to FHV's account. The Government finances the projects in all grant programs excluding the Care Program, which is financed from the FHV's own means. On 3 June 2019, the Government of the Czech Republic by Resolution No. 387 decided on further support for the NFOH in the years 2020-2024 in the total amount of CZK 100 million. The subsidy will again cover the Renovation Program, Remembrance Program, The Future Program, a Sub-Program Our Future and part of the administrative costs.

We regularly inform you about our activities through our website, Facebook profile and YouTube channel.

GRANT PROGRAMS

Care, Remembrance, Renovation, Future and Our Future

The Foundation for Holocaust Victims supports projects based on a public tender. The call for proposals is announced once a year, usually in July, and the deadline for projects is September. The projects are realized during the following year.

The FHV supports projects prepared especially by organizations under the umbrella of the Federation of Jewish Communities in the Czech Republic, associations, public beneficial organizations, institutions established by the church, public service institutions, and allowance organizations. All organizations must be registered in the Czech Republic. Natural persons are not entitled to ask for benefits.

We only support projects that are realized within the territory of the Czech Republic.

The endowment benefits are granted for a period of 11 months, and in case of Care program the period is one calendar year.

In Care, Remembrance and Renovation Programs, there is no limit for a maximum requested amount. The maximum amount of the endowment benefit within the Future Program is CZK50,000 and Our Future Sub-Program is CZK100,000.

We preferentially support projects with multi-source funding.

All applications are processed through Grantys – an Electronic Grant Database at <https://nfoh-granty.cz/>.

The applications are evaluated by the respective grant committees nominated by the FHV Board of Directors. The Board of Directors

grants endowment benefits based on their recommendation.

The results of grant call are published on the FHV website, and all applicants are informed in writing.

We sign contracts with all our successful applicants. Afterwards we follow and review the use of the monetary means during the implementation of the project. The supported organizations present the FHV with progress and final reports on the projects, as well as reports on the budget. In case of any violation of contractual terms and conditions, we demand the return of the granted money. All projects are subject to an audit. We actively participate in projects we supported and in case the beneficiary is interested, we help with the promotion of the projects.

Projects in the Reminder, Renovation and Future (including the Our Future sub-program) are funded by the Ministry of Culture subsidies, the Care program is financed from our own financial resources and the donations we receive.

In 2021, a total of 141 projects were implemented with our support, a grant from the Ministry of Culture of the Czech Republic and a donation from Mr. Michal Dostál.

The FHV Board of Directors selected on 22 November 2021 a total of 144 projects, which we will support in 2022 with the amount of CZK 21,5 million.

WE CARE

CARE PROGRAM

For twenty years we have been supporting projects that provide professional social care, health care and psychological care for Holocaust survivors and their families. Through collaboration with professionals, we strive to improve the quality of their lives and provide the best care at their old age. We shall not forget about the survivor's second generation. We financially support home care, nursing services, psychological aid, residential care, day care centers run by Jewish communities, social workers, social advisory services, personal assistants, medical care, occupational therapy, physiotherapy, rehabilitation, phone contact services and many other activation programs. The care for Holocaust survivors and their families has been our long-term priority.

In 2021, due to the Covid-19 pandemic, social services were very busy and in demand. The clients of Jewish communities, thanks to the high commitment and dedication of social workers, received services without interruption and had the necessary care provided, including the provision of protective equipment, necessary food supplements and vitamins.

We actively cooperate with the Federation of Jewish Communities, which coordinates the financing of care from the Claims Conference in the Czech Republic. In total, we support the care for about 350 clients.

From 2002-2021, we supported the projects with a total amount of CZK95.7 million.

A large, textured grey rock dominates the frame. In the upper left corner, a solid red circle contains the text 'WE RENOVATE' in white, uppercase letters. On the rock's surface, there is a faint, circular carving or indentation. A human hand is visible in the lower right corner, with fingers gently touching the rock. The background is blurred green foliage, and the foreground shows some dry grass and small plants.

WE RENOVATE

RENOVATION PROGRAM

We support the restoration and maintenance of Jewish monuments throughout the Czech Republic. Our goal is to restore the monument to its original state when the monument was built or, if this is not feasible, we then restore the monument to the state that would capture the maximum of the architectonic, artistic, and artisanal elements. We finance the repairs of synagogues, rabbinic houses, and Jewish cemeteries. We also support re-erection and repairs of knocked-down tombstones, restoration of valuable tombstones and reconstruction of fencing walls. Our financial means do not enable us to restore all tombstones, so we also support cemetery documentation in order to have a digital image of its look saved for the future generations. All projects are led by professionals.

Since 2002, we have supported the restoration of Jewish monuments in the amount of CZK178.1 million.

Overview of Granted Endowment Benefits in 2021

In 2021 we subsidized a total of 23 projects with the subsidy from the Czech Ministry of Culture totaling CZK12,983,403.

**WE DEVELOP
THE
COMMUNITY**

OUR FUTURE SUB-PROGRAM

We finance the programs for young Jewish families in order to support the development of Jewish communities within the Czech Republic. We also support projects aimed at the youngest members of the Jewish community, their education in Jewish traditions and we strengthen their ties to the Community. The sub-program was established in 2013 thanks to the exceptional donation from Prague Jewish Community. Since 2015 the program has been supported by the FHV on standard basis.

In 2021, we received a donation from Mr. Michal Dostál, which was used to support 3 projects implemented in the second half of the year in an extraordinary call for proposals.

PROJECTS OF OUR OWN

For many years, we have been supporting the projects by organizing our own educational and cultural programs. We prepare the programs for our partner organisations, possibly in cooperation with them. We maintain contact with those organisations, we map the needs of their employees and actively look for ways to help, in particular Jewish organizations, in their work and activities. We are also well aware of the community overlap of our work. That is why we organize events that help to enrich and improve community life in Jewish communities, while also helping Jewish organizations with the preparation of projects that develop their social life.

We educate

Workshops for Social Services Workers

The care for Holocaust survivors and their families has been our priority. We regularly organize education and meetings of social workers from Jewish communities in the Czech Republic. We prepare seminars with an accreditation of the Ministry of Labor and Social Affairs of the Czech Republic. Since 2014 we have also been organizing seminars with experts from abroad. In 2021, we prepared two accredited seminars and seminar with a foreign lecturer.

The first accredited seminar on the topic of Limits in Relation to the Social Service Client was held in June and due to pandemic restrictions online. The seminar was led by Jiří Sobek, a lecturer from Adpones organization. The aim of the seminar was to set

or realize the boundaries of the professional role of workers in care services, their possibilities, and competences, to clarify the boundary between motivation and manipulation. The seminar was attended by 21 workers.

In October, we held a seminar on After Covid Situation. The morning session consisted of lectures. The first lecture was given by Helena Klimová on the topic of Post-Traumatic Stress Management, the second lecture was led by Dana Hrbáčková and Ludmila Ulrychová on the topic of Occupational Therapy, the third lecture focused on the topic of Immunological Post Covid Therapy, the lecture was led by Dr. Eva Závadová and the last post was prepared by Elijah Kagan, a psychology student in Israel who focuses on breathing therapy, healing meditation and exercise. Lunch was followed by a practical workshop to practice breathing techniques and exercises to help reduce the

body's increased response after covid. The seminar was attended by 21 people.

In November, another accredited online seminar was held. The seminar was led by Jiří Sobek, a lecturer from Adpones organization. The topic was Working with Risk in Social Services. The seminar was attended by 20 people. The course was practically oriented, participants worked with model situations and their solutions. The aim was to acquire practical skills and also to gain more security and tranquility when dealing with risky situations.

We would like to thank the Federation of Jewish Communities in the Czech Republic, the American Jewish Joint Distribution Committee, the Public Benefit Society for the Support of Persons Affected by the Holocaust and the Department of Education and Culture of the Jewish Museum in Prague for their support.

Mechanchim Seminar for Community Workers and Teachers in Jewish Educational Organizations

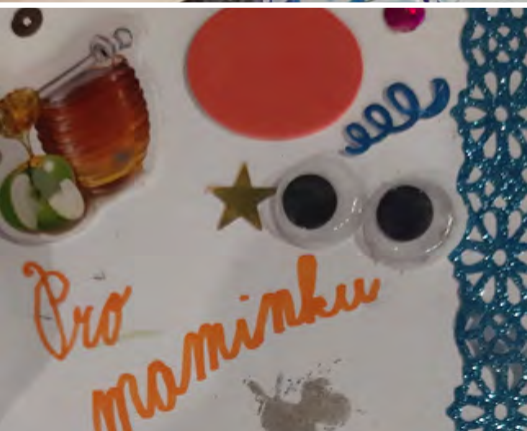

We have been organizing seminars for 9 years. Mechanchim is a place for learning, sharing experiences, networking, and motivating key personnel. In August, we organized a one-day seminar on engaging and working with teenagers and so-called young adults in Jewish communities, led by Zsuzsa Fritz, Senior Education Coordinator at the Szarvas JDC International Camp and Coordinator of the Jewish Knowledge Center JCC Budapest. The seminar was attended by 18 participants from all over the country. We have expanded Mechanchim to include a meeting called the **Beit Café**, where we discuss community plans and coordinate activities before each holiday. Meetings are held in an online

form. We are grateful for the cooperation and support of the American Jewish Joint Distribution Committee and the Jewish Museum in Prague for providing the space.

Our Workshop for Children

On the occasion of the Festival of Jewish Culture Ha-Makom in Holešov, we organized our own program for children on the theme of Jewish holidays. Chief Rabbi Karol Efraim Sidon and his wife came to greet the children and tell them about the holiday. To our delight, the granddaughter and great-granddaughter of David Meisel, a native of Holešov, also attended the workshop.

We remember

The Holocaust Remembrance Day and the Day of Prevention of Crimes Against Humanity

In cooperation with the Federation of Jewish Communities in the Czech Republic, we organized a traditional Holocaust Remembrance Day and the Day of Prevention of Crimes Against Humanity in the Senate of the Czech Republic, held with the auspices of its President, Miloš Vystrčil, on 27 January 2021. Due to the pandemic, the meeting was held without invited guests and was broadcast live on Czech TV ČT24. We would like to thank the Ministry of Culture of the Czech Republic, the Senate of the Czech Republic and Tereza Kotlířiková for their support.

Commemorative Act – In Memoriam, Babi Yar

In the Remembrance program we supported the project of the Neoclassic Orchestra, which held a memorial concert on 30 September to commemorate the 80th anniversary of the murder of Ukrainian Jews in Babi Yar. We actively participated together with the Embassy of Ukraine in the preparation and promotion of the concert. We thank our colleagues for their cooperation on this extraordinary cultural project.

Commemorative Evening on the 80th Anniversary of the Founding of the Terezín Ghetto

We joined the Terezín Memorial, the Jewish Museum in Prague, and other memorial institutions to commemorate this important anniversary. In cooperation with the Czech Auschwitz Committee, we prepared a memorial evening at the Jewish Community in Prague. Petr Brod moderated a discussion with Shoah survivors Michaela Vidláková and Toman Brod, and a historian, Associate Professor Vojtěch Blodig. During the evening, the Lauder School Choir performed poems set to music by children from Terezín, under the direction of Helena Ester Divecká.

Educational Trip to Auschwitz

The project is dedicated to the memory of Marta Kott and Michal Salamonovich, Auschwitz-Birkenau survivors who tirelessly passed on their horrific wartime experience with the goal that the Holocaust would never be repeated in any form. We feel grateful to their work, and we are trying to continue in their effort. We were unable to make the trip due to the pandemic. Nevertheless, we are actively preparing another one in May 2022.

We meet

Discussion Cafés

We have been organizing the cafés since 2012, and we are currently preparing three types of discussions: the Three Generations Café, I'm Jewish and I Prosper, and the Maislovka Discussion for Children.

In June, we held a discussion with Petr Brod and Věra Roubalová, and thanks to the online format, many second-generation participants from all over the world joined in.

Another café, also moderated by Petr Brod, took place as part of the Evening of Remembrance for the 80th anniversary of the founding of the Terezín ghetto.

We would like to thank the American Jewish Joint Distribution Committee for their support.

Hanukkah Benefit Concert

Despite our plans and wishes, we could not organize the Hanukkah benefit concert in the traditional format. We organized a Hanukkah collection that raised CZK 101,062 for the care of Shoah survivors. Thank you to everyone who sent a financial donation to our public collection account or through darujme.cz, sent a donation sms, bought beneficial latkes, donuts, and cards. Thank you from the bottom of our hearts for your support!

Volunteer Work at the Cemeteries

Last year, in cooperation with the Administration of Buildings and Cemeteries of the Jewish Community in Prague, we started to organize a one-day volunteer work in Jewish cemeteries. The first work on the cemetery in Kovanice was very successful, we addressed a wide range of interested people. The volunteers did not shy away from the freshly fallen tree and cleaned most of the cemetery with great dedication. We are literally contributing to the restoration and protection of our cultural heritage with our own efforts. All interested guests are cordially invited.

Help During the Pandemic

We received an exceptional aid in the amount of CZK 250,000 to help survivors of the Shoa during the coronavirus pandemic. The support was given by the Czech-German Fund for the Future. The contribution was used for professional care for Shoah survivors provided by Jewish communities in Brno, Děčín, Karlovy Vary, Liberec, Olomouc, Ostrava, Plzeň and Teplice. The contribution covered mainly vitamins and food supplements to boost immunity, protective and hygienic equipment, antigen tests and staff bonuses. Thank you for your much-needed help.

GRANT OF THE MINISTRY OF CULTURE OF THE CZECH REPUBLIC

In December 2014, the FHV concluded a long-term cooperation agreement with the Ministry of Culture of the Czech Republic for the implementation of a multi-year project for the provision of foundation contributions in the Renovation, Remembrance and Future programmes. From 2015 to 2019, the FHV received an annual subsidy of CZK 20 million. On 3 June 2019, the Government of the Czech Republic decided by Resolution No. 387 on further support for the FHV in the years 2020-2024 totaling CZK100 million. On 23 September 2019, an amendment was signed that extends the long-term cooperation agreement for another five years.

On 3 May 2021, based on an approved statement of subsidy in 2019, we received an Approval of the Ministry of Culture on a provision of a non-investment subsidy from the state budget amounting almost CZK20 million for the calendar year 2021. With a use of the financial means from the subsidy we funded all projects in the Renovation, Reminder, and Future programs (including the sub-program Our Future). Of the CZK 20 million provided, we did not spend the amount of CZK 448,015, while 7 projects were not implemented due to the Covid-19 pandemic. In total, there were 124 projects financed by the Ministry of Culture grant. The funds also covered the FHV administrative costs. The project of providing endowment benefits in the Renovation, Remembrance and Future programs has already been successfully implemented 7th year in a row.

We would like to thank the Ministry of Culture for their support and cooperation.

Conclusion

Based on the results of the applied procedures, we did not find any significant fact, which would indicate that the accounting records have not been kept in accordance with the applicable laws and the terms of the management of state subsidies by the designated competent decision. The organization compiled the attached Bill of the project costs for a year 2021 in accordance with accounting. Total report recognizable and, at the same time, subsidized cost of projects in CZK19,551,985. In our opinion, this Bill of the project costs **gives, in all material respects, true and fair view of the costs of the above projects and the management of this subsidy is in accordance with the laid down conditions.**

FINANCIAL REPORT

The FHV's financial statement was drawn up for period from 1 January 2021 – 31 December 2021.

In 2000, the FHV received an endowment benefit amounting CZK300 million from the former State Property Fund, today's Ministry of Finance of the Czech Republic (hereinafter as a MF) These financial means are distributed in harmony with the stated grant rules on a yearly basis. A large part has already been distributed in endowment benefits, the remaining almost CZK30,5 million is invested in the portfolios of securities under the management of the investment company Conseq Investment Management, a. s.

On 29 January 2014, the contract on the transfer and use of financial means between the FHV and the Ministry of Finance of the Czech Republic was terminated. All of the unused funds remain in the administration of the FHV; the funds will further be administered as FHV's own funds.

In 2021, a total of CZK 21,151 thousand was distributed in the 20th call for thousand. Out of this sum CZK17,781,000 Was financed by the subsidy of the MF and CZK3,841,000 was financed from the FHV's own thousand. The remaining CZK258,000 was paid from a public collection, by a private donor and from a donation from a public benefit society in support of people affected by the Holocaust.

In cooperation with the Czech-German Fund for the Future, an extraordinary donation above and beyond the allocated contributions was distributed for medical aids during the pandemic in the total amount of CZK 250 thousand. FHV's administrative costs for 2021 amounted to CZK 3,880 thousand. Out of this sum CZK1,182,000 was paid by the FHV from its own funds, CZK2,500,000 from the subsidy of the Ministry of Culture and CZK198,000 was paid from other external sources.

INDEPENDENT AUDITOR'S REPORT

Prepared for the Founder of the Foundation for Holocaust Victims

Report on the Verification of Financial Statements

Auditor's Opinion

We have audited the accompanying financial statements of the organization FOUNDATION FOR HOLOCAUST VICTIMS (the "Organization"), prepared on the basis of Czech accounting regulations, which comprise the balance sheet as at 31 December 2021, the profit and loss statement for the year ended 31 December 2021 and the accompanying financial statements, which contain a description of the material accounting methods used and other explanatory information. The details of the organization are set out in point I. of the Annexes to these financial statements.

In our opinion, the financial statement gives a true and fair view of the assets and liabilities of the FOUNDATION FOR HOLOCAUST VICTIMS to 31 December 2021, and costs and revenues and financial results for the year ended 31 December 2021 in accordance with Czech accounting legislation.

Basis for the Opinion

We conducted our Audit in accordance with the Act on Auditors, the Regulation of the European Parliament and of the Council (EU) No. 537/2014 and Auditing Standards of the Chamber of Auditors of the Czech Republic, which are international standards for Audit (ISA), where appropriate, supplemented and modified by the related application guidance. Our responsibility provided for by these regulations is described in more detail in the Auditor's Responsibility for Auditing the Financial Statements. In accordance with the Act on Auditors and the Code of Ethics adopted by the Chamber of Auditors of the Czech Republic, we are independent from the Organization, and we fulfilled other ethical obligations resulting from those provisions. We believe that the Audit evidence we have gathered provides a sufficient and appropriate basis for our statement.

Other Information Contained in the Annual Report

The term "other information", in accordance with Section 2 (2) (B) of the Act on Auditors refers to the information contained in the annual report outside the financial statements and our Auditor's Report. The Board of Directors of the Organization shall be responsible for the Other Information.

Our Opinion on the Financial Statements does not relate to the Other Information. Nevertheless, it is part of our responsibilities associated with the verification of the financial statements to get acquainted with the Other Information and consider whether the Other Information is not in a material misstatement with the financial statements or with our knowledge of the entity gained during the Audit of the financial statements or whether this information does not appear as a material misstatement. We also assess whether other information was in all important (material) aspects, prepared in accordance with the relevant legislation. This assessment means whether the Other Information meets the requirements of the legislation on the formalities and the procedure for the preparation of the other information in the context of the materiality, that is, whether any non-compliance with those requirements would be eligible to influence the judgment made on the basis of Other Information.

Based on the procedures carried out, to the extent that we can assess, we state that

- the other information, which describe facts that are presented in the financial statements is, in all important (material) respects, in accordance with the financial statements and
- other information has been prepared in accordance with the legislation.

Furthermore, we are required to state whether, based on knowledge and awareness about the Organization to which we have reached in the implementation of the Audit, the other information does not contain material misstatements. We have not identified any material misstatements in the other information received under these procedures.

Responsibility of the Board of Directors and the Supervisory Board of the Organization for the Financial Statements

The Board of Directors of the Organization shall be responsible for the preparation of the financial statements giving the true and fair view in accordance with Czech accounting legislation and for such internal inspection system that it considers necessary for the preparation of financial statements so as not to contain any significant material misstatement caused by fraud or error.

In preparing of the financial statements the Board of Directors of the Organization is required to assess whether the Organization is able to continue as a going concern and, if relevant, describe in the notes to the financial statements matters relating to its ability to continue as going concern and the use of the assumption of the going concern during the preparation of the financial statements, with the exception of cases when the Board of Directors plans to abolish the Organization or termination of its activity, respectively, when it has no realistic option but to do so.

The Supervisory Board shall be responsible for overseeing the financial reporting process in the Organization.

Auditor's Responsibility for Auditing Financial Statements

Our goal is to obtain reasonable assurance that the financial statements as a whole, does not contain a material misstatement caused by fraud or error, and to issue the Auditor's Report containing our opinion. A reasonable degree of assurance is a large degree of certainty; however, it is not a guarantee that an Audit conducted in accordance with the above provisions, in all cases, in the financial statements will reveal any existing material misstatement. Misstatements can arise from fraud or error and are considered material misstatements, if it is realistic to assume that, individually or in the aggregate, such misstatements could influence the economic decisions that users of financial statements adopt on its basis.

In the implementation of the Audit in accordance with the above provisions, it is our duty to apply throughout the audit, professional judgment and maintain professional skepticism. Furthermore, it is our duty to:

- Identify and assess the risks of material misstatement of the financial statements caused by fraud or error, design and perform Audit procedures responsive to those risks and obtain sufficient appropriate Audit evidence, so that we can, on its basis, express an opinion. The risk that we would not detect material misstatement, which occurred because of a fraud, is greater than the risk of undetected material misstatement caused by error, because part of the fraud

may be the secret agreement (collusion), forgery, intentional omissions, misrepresentations, or circumvention of internal controls by the Board of Directors.

- Get acquainted with the internal control system of the Organization relevant to the Audit in such a scale, to design Audit procedures that are appropriate having regard to the circumstances, not to express an opinion on the effectiveness of its internal control system.
- To assess the appropriateness of used accounting policies, reasonableness of accounting estimates made the information in this context, the Board of Directors of the Organization stated in the notes to the financial statements.
- Assess the suitability of using the assumption of the going concern when preparing financial statements by the Board of Directors and whether regarding the collected evidence there is a material misstatement arising from events or conditions that may significantly challenge the ability of the Organization to continue as a going concern. If we conclude that such a material misstatement exists, it is our duty to draw attention in our report on the information referred to in this context in the annex of the financial statements, and if such information is not sufficient to express a modified opinion. Our conclusions concern the ability of the Organization to continue as a going concern based on the Audit evidence we obtained by the date of our report. However, the future events or conditions can lead to the fact that the Organization loses the ability to continue as a going concern.
- Evaluate the overall presentation, structure, and content of the financial statements, including the annex, and further evaluate whether the financial statements show the underlying transactions and events in a way that leads to the true view.

It is our duty to inform the Board of Directors and the Supervisory Board, inter alia, on the planned scope and timing of the Audit and on the significant findings, which we in the course have made, including identified significant deficiencies in the internal control system.
